University of Maryland
2012-2013
Guidelines for Appointment
Promotions and Tenure
The formal Policy and this manual are posted on the home page of the Office of Faculty Affairs at http://www.faculty.umd.edu/policies. Please share the manual with faculty members of all ranks. Candidates for promotion may find it helpful in anticipating their own tenure reviews because it contains input from previous University APT Review Committees, the Provost, and President. Questions regarding APT guidelines and policies may be directed to the Office of Faculty Affairs (email: faculty@umd.edu or phone: 301.405.6803).

Section I of the manual lays out the structure of the APT process and offers useful definitions. Section II provides general instructions for assembling a dossier and carrying out reviews. Section III deals with specific types of dossiers, such as joint appointments. Section IV addresses final decisions, concerns, and appeals. Section V holds Appendices with tables, forms, sample letters and the University APT Policy.

This manual does not cover instructional, library, or research faculty, who follow other appointment and promotion processes, nor does it cover the search process for faculty positions.
I. THE STRUCTURE OF THE APT PROCESS

This section includes instructions on:
A. Sources of Information
B. The Structure of Reviews
C. Useful Definitions
I. THE STRUCTURE OF THE APT PROCESS

A. Sources of Information
   This manual contains three sources of information. Discussion of the APT Policy (Appendix E), marked in bold, will be cited by line (e.g., APT Policy 453-459). Mandatory procedures for dossier preparation will be in default font. Useful suggestions for the content of the dossier and review process will be printed in italics.

B. The Structure of Reviews
   Faculty members have their tenure homes in Departments, and Departments are combined into Colleges. Actions at both levels are governed by campus-wide policies, the most general level of organization; in keeping with the campus commitment to shared governance, advice about promotion and tenure at each of these three levels is provided by a faculty APT Review Committee and by an administrator. Hence, there are ordinarily six sets of recommendations to the President. The order of review is from the most specific level, the Department APT Review Committee and Chair, through the College APT Review Committee and Dean, to the Campus APT Review Committee and Provost. The final decision is made by the President. When a College is not departmentalized, the first review begins at the College (in which case four sets of recommendations go to the President).

C. Useful Definitions

**APT Review Committee**
   Group of voting faculty at or above the rank sought by the candidate who deliberate and vote whether to award appointment, promotion, or tenure. There are three possible levels of APT Review Committees – Department, College, and Campus.

**Advisory Subcommittee** (formerly referred to as Initial Review Committee, or IRC)
   Optional subgroup of voting-eligible faculty who gather information for the review, and who may author the APT Review Committee Evaluative Report, which they sign.

**Joint Appointment**
   When a faculty member holds simultaneous appointments (of any percentage) in more than one Department or other Unit (e.g., Center or Institute). Tenure is sought in the primary Department, or tenure home of the candidate.

**Quorum**
   Amount of eligible voting members needed to conduct a valid vote whether to award appointment, promotion, or tenure based on codified Department methods of operation.

**Votes** possible for deciding to award appointment, promotion or tenure based on criteria:
   - Yes
   - No
   - Abstention (two types) – these actions count toward quorum
     - Mandatory – a faculty member who has a conflict of interest (e.g., a family member or partner of the candidate), or who has already voted at a lower level
     - Voluntary – a faculty member who chooses not to vote (this should be explained in summaries and letters)
   - Absent – not present in person or via teleconference (if allowed by Department or College plan of organization); this lowers the quorum
II. GENERAL INSTRUCTIONS FOR ASSEMBLING A DOSSIER AND PREPARING THE CANDIDATE’S CASE

This section includes instructions on:

A. Information about how to submit a dossier
B. Preparing an electronic dossier
C. The elements in a dossier (variations appear in Section III)
   • See Table 1, Appendix A: Transmittal Form (including required dossier sections)
   • See Table 2, Appendix A: Letter Log
D. Division of responsibilities in dossier preparation and the review
II. GENERAL INSTRUCTIONS FOR ASSEMBLING A DOSSIER AND PREPARING THE CANDIDATE’S CASE

Preparation for tenure and promotion review begins when the candidate enters the University. Soon after the candidate’s arrival, the APT Policy calls for the administrator of the academic unit that will become the faculty member’s tenure home to (a) meet with the candidate and provide a written copy of the approved promotion guidelines and promotion criteria by which the candidate will be evaluated (APT Policy 389-393; 671-676) and (b) appoint one or more senior faculty mentors. (APT Policy 801-813; see also the Senate Task Force Report available at www.faculty.umd.edu/mentoring) The list of new tenure-track faculty and their mentors is due in the Office of the Associate Provost by February 1, 2013.

The review for tenure and promotion is the University’s primary means for ensuring a productive and accomplished faculty befitting an outstanding research university. Faculty members are expected to demonstrate accomplishment in three areas: (1) research, scholarship, and creative activity; (2) teaching, advising, and mentoring; and (3) service. (APT Policy 406-437; 701-711) Colleges and Departments must have written explicit evaluative criteria covering these areas. These criteria should be included in requests for external evaluations and in the dossier after the letter written by the Department Chair. Upper-level APT review committees and administrators rely on the criteria to assess fitness for appointment or promotion equitably. It is vital that reviewers at all levels keep these criteria in mind as they consider individual cases.

The candidate’s dossier forms the basis for review at all levels. Therefore, it must be well prepared and include all relevant information in a form that will be clear to reviewers both within and outside the Department.

This section contains the general guidelines for preparing all dossiers. Tables 1 and 4 in Appendix A list the components of a dossier. Non-departmentalized Colleges will obviously omit the material that requires departmental input (Chair’s Letter and Department APT report). Specific varieties of dossiers are described in Tables 3 and 4 in Appendix A.

A. Submission Guidelines: The dossier, consisting of a single bookmarked PDF file, is to be uploaded on a secure Faculty Affairs website: www.faculty.umd.edu/apt. These dossiers may be uploaded at any time prior to their due date.

B. The Electronic Dossier
PDFs are best created via a word processing program or OCR. These methods are easier to search and enable “cut and pasting.” If necessary, PDFs may be created by scanning. Whichever method is used to create the PDF document, it must have these characteristics:

- A resolution of 300 dpi. A finer resolution uses too much space; less is unreadable.
- Vertical flow of pages (avoid side by side presentations of pages).
- Bookmarked sections, as specified on the Transmittal Form in Table 2, will serve as a readily accessible table of contents. Note that External Letters must be sub-bookmarked for each separate letter with a designation of their source (candidate-C or Unit-U), e.g., U-Smith.

C. Elements in a Dossier
An overview: Every dossier will be submitted in electronic form. Optionally, representative pieces of scholarship may be submitted. Inclusion of a teaching dossier is
also optional. These additions may be specified in the form of a URL (preferred for very large documents) or they may be uploaded to the area on the APT website for supplemental materials. In unusual cases (e.g., for large, non-electronic pieces of scholarship) a hard copy may be forwarded as a supplement under separate cover. Colleges are responsible for returning all supplemental materials to candidates after the Campus APT Review Committee has finished its deliberations. Dossiers failing to conform to these guidelines will be returned to the College for corrective action before they are submitted for evaluation to the Campus APT Review Committee.

#1. Transmittal Form: (See Table 1, Appendix A) The first page of the dossier is the transmittal form, which is available on the web at www.faculty.umd.edu/policies. Information from the transmittal form is entered into both the ARS database and the personnel database in the Office of Faculty Affairs. Accuracy of information on the transmittal form, especially the record of votes, the dates of meetings, and the type of appointment (e.g., 9-mo., 12-mo., etc.) must be carefully checked. For new appointments, a separate letter with the proposed salary and start dates must accompany the dossier. (See Table 5, Appendix A) Units must inform the Office of Faculty Affairs about the acceptance of each appointment.

Candidate’s Name: Give the candidate’s full legal name.

UID No: Avoid disclosing Social Security Numbers by listing University ID number.

Citizenship: Tenure is granted to non-U.S. citizen candidates contingent on their possession of a visa status that permits continued employment by the University.

Summary of Votes: Record the number of: (1) positive votes, (2) negative votes, (3) mandatory abstentions, (4) voluntary abstentions, (5) absences due to leaves, illnesses, etc., and (6) the total number of faculty eligible to vote. The sum of the numbers in categories 1-5 should equal the total number of faculty members eligible to vote in the relevant APT body. The numbers recorded on the transmittal form must match the numbers reported in APT Review Committee Reports.

Mandatory abstentions often arise whenever a faculty member could vote twice, e.g., at the College and Department levels. In these cases, the faculty member is permitted to vote only at the lower level. If a faculty member is eligible to vote within two Departments (because both the candidate and the voter have similar joint appointments), the voting faculty member may only vote in their tenure home and must abstain from voting in the second unit. (APT Policy 631-635; 911-914; 966-969) A mandatory abstention may arise for other reasons, such as when a faculty member is the candidate’s partner.

As a general matter, voluntary abstentions are to be discouraged. Higher-level APT review committees depend on the reasoning and expertise of the lower level committees; voluntary abstentions result in an absence of crucial input on a candidate’s dossier. Abstentions of 50% or more of the relevant faculty mean that the decision (negative or positive) does not represent a majority opinion, and could give rise to grounds for an appeal.

Only tenured faculty at or above the rank to which the candidate is to be promoted or appointed may vote on that candidate’s case. (APT Policy 718-720)
Secondary Unit: If the candidate holds a temporary appointment in a secondary unit, the chair or director of the secondary unit provides a written recommendation to the chair of the primary unit. If a candidate has a permanent joint appointment in a secondary unit with eligible voters, the secondary unit records the votes of the secondary unit (if this is required by the secondary unit’s plan of organization) and provides a written recommendation to the chair of the primary unit.

#2. a. Dean’s Letter: This letter should state the Dean’s personal assessment of the reasons the candidate merits or does not merit promotion. (APT Policy 943-945)

The letter should contain an honest and balanced assessment of the candidate’s scholarship or creativity, teaching, mentoring and service, and a clearly stated recommendation. If this recommendation differs from that of the Department APT Review Committee, College APT Review Committee, or the Department Chair, the reasons underlying the dissent should be explained. Negative votes or abstentions at the College level ought to be explained. The Dean can provide a context for evaluating the candidate through characterizing the strengths of the Department, its role in the College and the role of the candidate in enhancing the excellence of the department. The letter should also discuss the expectations of the College and Department for promotion.

b. When either the College APT Review Committee or the Dean make a negative recommendation, the Dean should: (1) write a brief letter to the candidate summarizing the nature of the considerations on which the negative decision was based, (2) allow the Chair of the College APT Review Committee to review and, if necessary, correct the information in the summary letter, and (3) include this letter in the dossier directly following the Dean’s letter. (APT Policy 1023-1038) Members of the College APT Review Committee may see the Dean’s letter. A summary is not necessary if both College-level recommendations are positive.

#3. College APT Review Committee Report: This report must include the date of the meeting and the names of Committee members. The report should include a statement of the exact vote and the reasons for the recommendation. (APT Policy 940-945) It should address the same areas as the Department APT report described in #5. When the vote is not unanimous, the report should try to explain the reasons for the negative votes or the abstentions. If the assessment differs from the department vote, an explanation should be provided. Minority reports are permissible but not required.

#4. a. Department Chair’s Letter: The letter should contain the Chair’s independent evaluation of the candidate’s teaching, scholarship, mentoring, and service, and should make a clear recommendation supported by the reasons for it. (APT Policy 758-759) An explanation should be provided for negative votes and voluntary abstentions. For joint appointments, the head of the secondary unit should also provide a letter that is inserted in the same section as, and immediately following, the Department Chair’s letter.

The Chair’s letter is most useful when it places the performance of the candidate in the context of the Department or discipline, and it comments on the APT Review Committee’s report. It is particularly useful for informing the Committee about the criteria used to evaluate the candidate and the Chair’s assessment of the candidate with respect to those criteria. These criteria should be appended to the Chair’s letter. While the letter may
summarize the basic information about the case, APT Review Committees expect the Chair’s interpretation of the information about the candidate: an honest and balanced assessment of the candidate’s scholarship or creativity, teaching, mentoring and service, and a clearly stated recommendation. If this recommendation differs from that of a Department APT Review Committee, it is helpful to provide reasons. The Chair should also attempt to explain reasons for negative faculty votes and abstentions when they are known.

b. The Department’s APT criteria should be included after the Chair’s letter. (The Chair’s letter appears as 4a, and the promotion criteria appear as 4b.) For promotion cases, a candidate notification letter should also be included (as 4c).

c. The notification letter must be sent to promotion candidates within two weeks of the submission of the dossier to the next level. The Chair should: (a) write a brief letter summarizing the vote and the general nature of the considerations on which the department and chair’s decision was based, (b) allow the Chair of the Department APT Review Committee to review and, if necessary, correct the information before the letter is sent to the candidate, (c) send the summary assessment to the candidate, and (d) include the letter in the dossier which will be forwarded to the next level of review. (See Table 6, Appendix A) Voting members of the faculty may see the chair’s letter. (APT Policy 1016-1038) The notification letter should never refer to the content of confidential assessments from external evaluators.

#5. Report of the Department APT Review Committee: (APT Policy 880-889) This report has two clearly separate parts (5a and 5b), neither of which is shown to the candidate. In addition, the Department APT Review Committee may include an optional Minority Report (5c) in cases of major disagreement. Both (or all three) reports above are incorporated into the dossier sent by the Chair to higher levels of review.

#5a. The Department APT Review Committee Meeting Report describes the decision meeting and is ordinarily written by the chair of the APT Review Committee or a designee. The discussions and the exact vote should be presented, as well as any departmental rules about the number of votes required for a positive recommendation. The report should contain the meeting date and be signed by its author.

#5b. The Department Evaluative Report: The Department may form an Advisory Subcommittee (formerly referred to as an Initial Review Committee, or IRC), whose members should be identified, to complete this report. (APT Policy 746-750) The evaluative report evaluates the candidate’s research or creativity, service, mentoring and teaching contributions in light of the standards of the Department and the discipline.

It is helpful to address the following questions when preparing the Evaluative Report:

- What are the standards and expectations of the Department or discipline with respect to the candidate as expressed in departmental criteria, and how are they measured?
- What are the candidate’s major contributions? Why are these contributions important in the candidate’s field?
- Has the candidate met or surpassed the Department’s standards and expectations?
- What evidence supports the Review Committee’s evaluation?
This information is particularly helpful in areas with distinctive expectations for promotion. It is important to consider the audience to whom this report will be addressed, which includes faculty and administrators outside the unit.

The following are suggestions for summarizing and evaluating faculty performance:

<p>| | |</p>
<table>

<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>a. Research, Scholarly and Creative Activities</strong></td>
<td></td>
</tr>
<tr>
<td>An evaluation of the quality and quantity of the work (as summarized in 6, below) should be provided in 5b above, including a description of the influence of the work in the field. The bases for the evaluation should be made explicit.</td>
<td></td>
</tr>
<tr>
<td>Where the primary activities of the faculty member consist of performance or practice, the Department should develop methods and procedures to obtain outside evaluation of the faculty member. Submission of published reviews of books and performances, samples of extension publications, etc. are strongly recommended. For journal publications, where appropriate, the citation rates and other quantitative factors should be included. Similarly, for extension agents whose scholarship is directed toward producers or consumers, a thorough evaluation of the quality, quantity and impact of these publications is essential.</td>
<td></td>
</tr>
<tr>
<td>When a faculty member works in collaborative teams, ascertaining his or her role in those teams and the intellectual leader of the project is important.</td>
<td></td>
</tr>
</tbody>
</table>

| **b. Teaching, Advising and Mentoring** |   |
| Dossiers should contain data from the campus-wide standardized course evaluations, normally for the last five years. An evaluation of the quality and quantity of the candidate’s teaching, advising and mentoring (as summarized in 6 below) should be provided in 5b above. Detailed data analyses and student comments should be deferred until Section 14a. |   |
| Candidates may facilitate the process of teaching evaluation by providing a teaching portfolio. Judgments of teaching could include an assessment of: instructional materials, the rigor and scope of examinations, incorporation of instructional aids, etc. Also to be considered is the development of techniques or modes of instruction and the substantial revision of or development of courses. Feedback of colleagues and students include: 1) surveys of student opinions, 2) awards, 3) colleagues’ opinions if based on systematic class visitations and 4) evidence of effective learning by the candidate’s students, such as may be shown by student performance on learning outcome assessments. |   |
| Demonstrations of effective mentoring/advising include: 1) number and caliber of students guided in research and their placement in academic positions, postdoctoral labs, graduate programs, etc.; 2) development of or participation in bridge or summer programs; 3) service on awards and mentoring committees, or as an advisor for student groups or clubs, or as a mentor for other faculty; 4) organization of professional seminars for students on article or grant submission, etc. |   |

| **c. Service** |   |
| Service contributions (summarized in section 6 below) should be evaluated in section 5b above, particularly in those areas where service is a major component of a faculty member’s activities, such as extension appointments. The report should do more than list committees or activities; it should, to the extent possible, evaluate the performance of these activities. Evaluation may be sought from supervisors or clients in organizations for which the faculty member has rendered service. Service awards help to document and evaluate service activities. Disciplinary service to editorial boards, national and international organizations, etc., is evidence of good citizenship and stature in the profession. |   |
#5c. Optional Minority APT Report: Members of the Department APT Review Committee who do not think that the APT Review Committee Report adequately represents their views may write a signed minority APT report that will become part of the dossier. (APT Policy 886-889) A minority APT report is intended to be employed for major disagreements, not for presenting minor variations in wording.

#6. Summary Statement of Professional Achievements: This summary report is often written by an Advisory Subcommittee (formerly referred to as an Initial Review Committee, or IRC)—whose members should be identified—or its representative. The purpose of the summary is to ensure that committees have correct and complete information about the candidate on which to base their evaluation and explanations of the candidate’s credentials. It is a factual statement of the candidate’s accomplishments in the areas of: research, scholarship, or creative activity; teaching, mentoring, and advising; and service. The summary statement is not to be mailed to external reviewers. It should place the candidate’s accomplishments in research, scholarship, extension activities and/or artistic performance in the context of the broader discipline, and the candidate’s professional achievements in service and teaching in the context of the responsibilities of the Department, the College, the University and the greater community. It should be a neutral description; no evaluation of the candidate’s work should be included. The candidate must be shown the Summary Statement at least two weeks before the Department deliberates about the candidate’s case. Candidates must certify in writing that they have seen the document (which may be achieved by signing the document), and must be allowed to draft a rejoinder before it is used by the Department APT Review Committee as a basis for its discussion and vote. The date on this report (and any rebuttal by the candidate) should predate the meeting on which the case is decided. If there is a rejoinder, the summary must acknowledge receipt and consideration of the rejoinder. (APT Policy 860-879) To facilitate production and “certification” of the report, Departments may wish to inform candidates in advance of deadlines for reviewing the Summary Statement and for return of the signed Statement with any rejoinder.

#7. Curriculum Vitae: The candidate’s curriculum vitae must be signed and dated by the candidate to certify that it is accurate and current. (APT Policy 682-684; 687-692) The CV should be prepared no later than the beginning of the academic year in which the candidate is reviewed and should be included in each request for external evaluation. The CV that is sent to external evaluators is the official CV for the candidate. If there are subsequent changes in the candidate’s credentials (e.g., additional funding, new external recognition), the Chair should forward a memo containing these changes to higher levels of review and this document should be appended to the candidate’s CV in the electronic dossier. Memos may be added to the dossier up until the point when the dossier is signed by the President of the University. However, candidates should avoid multiple requests for such additions, especially for minor changes (e.g., reviewing activities, paid consulting).

The CV should present an accurate portrait of the candidate’s accomplishments in as concise a manner as possible. Please refer to Appendix C for a guide on CV format.

#8. Reputation of Publication Outlets: The Department should provide an appraisal of the reputations of the journals, presses and other outlets (e.g., theaters, exhibits, etc.) for the candidate’s scholarship/creative activity. Indicate whether peer review is required for each
publication outlet. Departments should develop a standard, stable, credible method of rating journals and should present these ratings and, when possible, the rate of acceptance to the journal or other medium. The following fictional table suggests how the information should be provided. It contains just those outlets where the candidate’s work appears and it uses objective indices. Acceptance rate and impact are used here, but there may be other more appropriate indices.

Reputation of Publication Sources

<table>
<thead>
<tr>
<th>Journal</th>
<th>No. Of Articles</th>
<th>Impact Factor</th>
<th>Acceptance Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Psychological Review</td>
<td>5</td>

<td>2.3</td>
<td>20%</td>
</tr>
<tr>
<td>Child Development</td>
<td>15</td>
<td>1.9</td>
<td>22%</td>
</tr>
</tbody>
</table>

In addition, citation counts should be included. *Departments may prefer to put these in the Summary Statement (#6), so candidates can verify the counts.*

#9. **Candidate’s Personal Statement:** This statement provides candidates with the opportunity to make a case for their promotion based on a demonstrated record of achievement. The statement ordinarily describes the questions addressed by the candidate and indicates their importance to the candidate’s field, progress made in addressing these questions and directions of future creative work. (APT Policy 684-687) These statements should be relatively short, 3-4 pages, and directed toward readers who are not specialists in the candidate’s field. The personal statement should be signed and dated. The statement should be prepared no later than the beginning of the academic year in which the candidate is reviewed and must be included in each request for external evaluation. The document may not be changed after it is submitted to the APT Review Committee representative for letter writers to evaluate. (APT Policy 687-692)

#10. **Log of Evaluation Letters:** The Review Committee shall solicit letters of evaluation from at least six widely recognized authorities in the field, chosen from a list that shall include individuals nominated by the candidate. Among the letters requested, at least three and at most one-half must be from persons nominated by the candidate. (APT Policy 796-800) APT Review Committees at all levels question the credibility of letters from the candidate’s mentors and collaborators, and heed closely the comments of evaluators from highly ranked institutions and, where appropriate, evaluators holding the rank of professor. The committee will also heed closely the comments of evaluators who are documented as among the outstanding leaders in the field. It is suggested that, at a minimum, six of the letters be selected from evaluators who are not the candidate’s mentors and collaborators. Up to two additional letters (for a total of at least eight) may be from a mentor or collaborator as long as sufficient explanation is provided by the Chair of the APT Review Committee and/or Department Chair. An allowable exception is the case where an appropriately small number of the six letter writers have had a one-time or temporally distant collaboration.
The Committee must include a list of all the evaluators to whom a formal request was sent, even if the evaluators do not reply or decline to write. Copies of the letters (or emails) of refusal should be included in the dossier. Verbal communications will not be accepted, and any prejudicial discussion regarding declines or non-answers is discouraged. In the log, the initial date that the evaluator was contacted should be included, when candidate materials were sent (if different from initial) and the date of response (either when the evaluation was received or the reviewer declined to review). Table 2 in Appendix A provides the appropriate format for the letter log. The order of letters in the dossier should correspond to the order of letters in the log, and the letters should be grouped by requestor (candidate or review unit). Within each group the letters should be alphabetized. Because all APT review committees should have access to the same external letters, late arriving letters should not be included in the dossier, nor be used for evaluative purposes during deliberations. Unsolicited letters do not belong in the dossier and should not be relied on for evaluative purposes during deliberations.

The letter log should indicate which evaluators are collaborators with, or mentors of, the candidate, and in the credentials section justify their inclusion as an evaluator.

#11. Credentials of External Evaluators: The credentials of each external evaluator should be provided in a paragraph, though not CV’s of evaluators. The order of the credentials paragraphs should mirror the order of entries in the log and the order of inclusion of letters in the dossier.

It is important for the Department APT Review Committee to justify the choices of evaluators and to indicate the type and quality of the institution or program with which the evaluator is associated.

#12. Sample Letter Used to Solicit External Evaluations: (See Appendix C) The letter used to solicit external evaluations is usually sent by the Chair of the Department APT Review Committee. The letter should be neutral, asking for an honest evaluation rather than for support for the faculty member’s promotion. It should ask if the reviewer is a co-author or collaborator. The letter should ask the evaluator to comment on:

• the nature of the evaluator’s professional interactions with the candidate;
• the candidate’s ranking among his or her professional peers (or cohort);
• the candidate’s chances for promotion and, where appropriate, tenure in the evaluator’s own institution, noting expressly that information on this point is an important consideration;
• the impact of the candidate’s work on the field;
• clarification of the candidate’s collaboration with other scholars in his/her field;
• the quality of the candidate’s teaching, if known.

Departments have the option of sending teaching dossiers including syllabi, examinations and other instructional material to external reviewers for their evaluation. Reviewers may be asked to comment on the scope and currency of the instructional materials and their appropriateness to the discipline and to the level of the course. Attachments to the letter should include the criteria for promotion, the candidate’s CV and Personal Statement and a list of scholarly and teaching materials being sent, or made available, to the evaluator. The attachments should be listed within the sample letter.
#13. Responses of External Evaluators: The Chair of the Department APT Review Committee should receive suggestions of potential external evaluators from the candidate. The Committee should select evaluators from the candidate’s list and must also choose evaluators from their own list.

The most reliable way to get external evaluators to engage in a review is for the Committee to solicit letters well in advance of their deadline.

An excessive number of letters (e.g., 10 or more) should be avoided. Should an insufficient number of letters be timely received, the case may still go forward. However, Units should be aware that the absence of the requisite number of letters may weaken the case for the candidate. Although the contents of the letters are to be shared with eligible voters at each level of review, these letters are highly confidential and should not be shared with the candidate or others who will not be voting on or evaluating the candidate for promotion. Candidates may not contact evaluators to determine their willingness to provide information, or to enquire about the contents of the evaluation.

The following guidelines should be followed in presenting letters:
- All letters received in response to solicitation must be included in their entirety if the letters arrive for timely consideration by the Department APT Review Committee.
- Letters in a foreign language must be accompanied by an English translation.
- Each letter should clearly indicate whether the evaluator was selected by the candidate, or by the committee.
- Dossier preparation and evaluation is facilitated if letters from external evaluators are sent as searchable electronic attachments.

Committees and candidates should take into account the following issues in selecting their evaluators.

- An evaluator who is the candidate’s dissertation advisor, former teacher, co-author, or student should be avoided.
- When a candidate is re-reviewed, as in the case of someone coming up for Professor shortly after being reviewed for promotion to Associate Professor, new evaluators should be chosen unless there are strong justifications for repeated selection.
- Evaluators should ordinarily hold the rank of Professor or its equivalent.
- Because evaluators are asked whether the candidate would be promoted at their institutions, the prestige of the evaluators’ institutional affiliations and their accomplishments should be taken into account in selecting them.
- Candidates should be informed of the University’s perspective on appropriate evaluators and the right of the Department to select from the candidate’s nominations those evaluators that the APT Review Committee deems appropriate. Candidates should also be informed about University rules of confidentiality.

#14a. Student Evaluations of Teaching: Data on teaching evaluations must be analyzed and summarized. (For a sample, see Appendix D) Actual electronic evaluations (or other such data) should be uploaded in the separate area on the APT website for supplemental materials. These documents can also be presented in the form of a teaching portfolio, to be included in the supplemental website. Sometimes departments include a summary in their APT report.
If so, the page where the summary can be found should be indicated in this section. Materials should not be doubly included in personal statements. For clarity:

• An explanation of the rating system should be included, as well as a comparison with the norms of the Department and/or college.
• An explanation of the level and student composition of the courses should be provided, and a sample questionnaire. If a particular instructor’s teaching load for a period of time consisted principally of generally unpopular required courses, or if there was a particularly significant event in a given semester that might have influenced student opinion, such facts should be made known.

#14b. Peer Evaluations of Teaching: Many Departments engage in systematic peer review of teaching based on classroom visits by colleagues. Peer evaluation should include evaluation of course syllabi, examinations, and other instructional material by members of the Department or external evaluators, and discussions of curriculum development, introduction of innovative uses of technology, special contributions to the teaching mission of the department or to special programs and teaching awards received by the candidate. Departments may require a teaching portfolio including syllabi, examinations and other instructional material. These portfolios should be uploaded to the supplemental materials area of the APT website. Reports provided only months ahead of the APT review (as opposed to those based on systematic visitation) tend not to be given much credence by higher levels of review.

#14c. Mentorship, Advising, Research Supervision: A list of past and current undergraduate and graduate students for whom the candidate has served as principal advisor should be provided in the CV in separate sections. These should include evaluative discussion of undergraduate and graduate advising, supervision of theses and dissertations and mentoring of students and colleagues.

Appendices to the Dossier, such as teaching dossiers, are encouraged and may be uploaded to the supplemental materials of the APT website. These can also include direct links to teaching evaluations and up to two candidate-selected samples of scholarship.

The Candidate Is Responsible For:

• Providing the Curriculum Vitae in the approved format, signed and dated. This Document should be submitted before external letters are solicited.
• Signing and dating the Summary Statement of Professional Achievements. (APT Policy 868-871)
• Providing a signed and dated Personal Statement. (APT Policy 684-687) This document should be prepared before external letters are solicited.
• Suggesting the names of qualified external evaluators. (APT Policy 798-800)
• Providing documentation on teaching (e.g., syllabi, examinations, instructional materials, teaching evaluations in a teaching portfolio).
• Providing publications or other forms of scholarship to the Department Committee.
• Selecting samples of scholarship for reviews by higher-level review Committees and working with the APT Review Committee to select materials for external reviewers.
• Providing any other relevant information requested by the Department Review Committee (e.g., of scholarly work, grant proposals, notification of awards).
The Department APT Review Committee Is Responsible For:

- Gathering information and documents listed in the preceding section from the candidate.
  - Drafting the Summary Statement of Professional Achievements and presenting it to the candidate for approval two weeks prior to the time it will be distributed to the faculty and ensuring its prompt return. (APT Policy 860-871)
  - Requesting at least six external evaluations (with at least three names selected from the candidate’s list), using the candidate’s input to select the sample of material for evaluators to evaluate, and providing a brief summary of the qualifications of the evaluators. (APT Policy 796-800)
- Obtaining documentation on teaching and mentorship from students and colleagues.
- Obtaining available documentation on service.
- Evaluating journals and other outlets in which candidate’s scholarship is disseminated.
- Carefully reviewing and evaluating the candidate’s accomplishments in teaching, scholarship and service (APT Policy 697-708), based on the candidate’s CV, personal statements, external letters, scholarly and teaching materials and internal reports.
- Meeting to discuss and vote on the candidate’s case for tenure and/or promotion. (APT Policy 716-727)
  - Writing reports on: (a) the decision meeting including a record of the vote, the Committee’s recommendation and a justification for it, and the date of the meeting; and (b) a separate evaluation of the candidate’s accomplishments and potential for future contributions. (APT Policy 880-884) This latter report is often prepared by an advisory committee and is usually available to faculty at or prior to the voting meeting.
  - Reviewing the Chair’s summary notification letter to the candidate for accuracy. (APT Policy 1025-1031) (Usually done by APT Chair)
  - Representing the Department APT Review Committee’s perspective to higher levels of review, if the need emerges. (APT Policy 930-939)

The Department Chair is Responsible for:

- Ensuring that the APT decision meeting is properly conducted, and that the appropriate material is available to eligible voting faculty.
  - Writing a letter to the administrator at the next higher level making an independent judgment about each promotion and/or tenure case, and including the Department’s promotion criteria. (APT Policy 890-893)
  - Notifying candidates in writing, summarizing both the Chair’s and Department APT Review Committee’s decisions and reasoning within two weeks of the Committee’s decision meeting (APT Policy 1016-1028; Appendix A, Table 6). A copy of this summary letter should be available for faculty who participated in the deliberations who wish to see it, and it should be included in the dossier. If both the Department APT Review Committee and Chair vote to deny tenure and/or promotion, the letter must be sent by certified mail. (APT Policy 1103-1104)
  - Inspecting dossiers for accuracy, completeness and conformity to these guidelines.
  - For new appointments, including the length of appointment year, start date, and projected salary in a separate memo (see Table 5, Appendix A) accompanying the appointment request. If the appointment is accepted by the candidate, notifying the Office of Faculty Affairs.
  - Sending the dossier to the next level of review, and if the candidate does not pass the initial review, providing sufficient information for the administrator at that
level (Dean or Provost) to determine that the review was conducted appropriately. (APT Policy 851-853)

- Answering questions putatively posed by upper-level review committees. (APT Policy 930-939; 984-994)
- If candidates withdraw from the process, forwarding a copy of the letter of withdrawal to the Dean and the Associate Provost for Faculty Affairs. (APT Policy 857-859)
- Reviewing the Department’s Plan of Organization to ensure it contains sufficient procedural guidelines for the conduct of reviews, and that the review conforms to the guidelines.
- Being aware of changes in the APT Policy and Guidelines, and disseminating these changes to the faculty. The Office of Faculty Affairs web page should be consulted for updates: www.faculty.umd.edu/policies.
- Meeting with new tenured and tenure-track faculty to provide APT information, such as Department and University policies, this Manual, and Department promotion criteria. Subsequently, administrators should notify faculty in writing of changes to the criteria. (APT Policy 389-393; 671-676)

Upper-level APT Review Committees Are Responsible For:

- Carefully reviewing and evaluating the candidate’s accomplishments in teaching, scholarship, mentoring, and service.
- Meeting to discuss and vote on the candidate’s case for tenure and/or promotion.
- Meeting with lower level APT representatives when there is a possibility that a negative recommendation will be made. Questions in writing should be provided in advance. (APT Policy 930-939; 984-994)
- Writing a report that includes an evaluation of the candidate’s accomplishments and potential for future contributions, a record of the vote, the Committee’s recommendation and the justification for it, the membership of the Committee, and the date of the decision meeting. (APT Policy 940-943; 995-997)
- For the College Review Committee, when either the Dean or the Committee makes a negative recommendation, ensuring that the Dean’s summary letter notifying the candidate of the negative recommendation accurately reflects Committee deliberations.

The Dean of a College is Responsible for:

- Reviewing the College’s Plan of Organization to ensure it contains sufficient procedural guidelines for the appointment of a College Review Committee and the role of the Dean with respect to the Committee.
- Ensuring that the review conforms to those guidelines.
- Reviewing and approving College and Department promotion criteria.
- Recommending appointees to the Campus APT and Campus Appeals Committee. (APT Policy 962-964; 1188-1190)
- Informing Chairs of changes in the APT Policy and Guidelines, and discussing with Chairs their evaluation of the preceding year’s APT process and outcomes.
- Preparing a schedule for submission of dossiers to the Departments in the College, and informing them of that schedule in a timely manner.
- When candidates are denied tenure and/or promotion at a lower level of review, certifying the procedural appropriateness of the review, and writing a letter sent by certified mail to the candidate within two weeks of the decision that informs the candidate of the outcome, the procedural appropriateness of the review, and
the consequences of this denial. (APT Policy 851-856) Copies should be sent to the Chair and Associate Provost for Faculty Affairs. The correspondence and the dossier should be retained. (A summary letter is not necessary if at least one Department-level recommendation is positive.)

- **Appointing members of the College APT Review Committee in accordance with its Plan of Organization. (APT Policy 905-907)**
  - Providing staffing for the College APT Review Committee and ensuring that the APT decision meeting is properly conducted.
- **Reviewing recommendations of the prior level of review and the College APT Review Committee, and writing a letter to the Provost making an independent judgment about each promotion and/or tenure case. (APT Policy 926-929; 943-945)**
  - When either the Dean or the College APT Review Committee make(s) a negative APT decision, writing a brief summary letter informing the candidate, the Department Chair, and Chair of the Department APT Review Committee summarizing the outcome of the College APT Review Committee’s and Dean’s deliberations, and the rationale behind it. (APT Policy 1023-1025; see Table 6, Appendix A) This summary letter should be available to members of the College APT Review Committee who can decide to amend it, and the letter should be included in the dossier. (APT Policy 1028-1038)
  - Inspecting the dossier for accuracy, completeness and conformity to these guidelines.
  - Forwarding an electronic file and a hard copy of the original material plus another hard copy to the Associate Provost for Faculty Affairs.
- **Meeting with the University APT Review Committee to address questions they may raise. (APT Policy 984-994)**
  - For new appointments, including in a separate memo accompanying the dossiers, the terms of appointment, start date and projected salary in appointment requests. (See Table 5, Appendix A) If the appointment is accepted by the candidate, notifying the Office of Faculty Affairs.
III. INSTRUCTIONS FOR SPECIFIC TYPES OF CASES

This section contains instructions on:

A. Promotion Review for Faculty with Appointments in One Unit
B. New Appointments of Associate and Full Professors, Senior Agents and Principal Agents
C. Appointment and Promotion Review for Joint (Split) Appointments
   A Road Map to the Joint Appointment/ Review Process
D. Professor of the Practice
E. Emerita/Emeritus Status
F. College Park Professor
III. INSTRUCTIONS FOR SPECIFIC TYPES OF CASES

Table 3 in Appendix A charts the approval routes for faculty with appointments in a single unit. (Also see the roadmap included in this section for the review of faculty with joint appointments.) Table 4 in Appendix A summarizes the differences in the contents of dossiers for diverse appointments. The ensuing section notes special considerations for each kind of appointment.

A. Promotion Review for Faculty with Appointments in One Unit

1. Nomination of Candidates:

Reviews are mandatory for:

- All Assistant Professors and Agents in their sixth year of appointment at this rank; (APT Policy 497-498)
- All Associate Professors and Senior Agents appointed without tenure and currently in their third year of appointment; (APT Policy 517-521)
- Candidates who were previously denied tenure or promotion, and whose cases were returned by the Appeals Committee to the level of review at which the error was found.

Non-mandatory reviews may be initiated for untenured faculty.

- By Department nomination.
- By self-nomination. Faculty may request to be reviewed any year that is consistent with a Department’s plan of organization (APT Policy 845-846) and may appeal to the Dean (or Provost, if a non-departmentalized college) in writing within 30 days if the candidate’s request for a review is denied. If the request for review is denied at that level, within 30 days the candidate may appeal in writing to the Provost (or President, if a non-departmentalized college). (APT Policy 1349-1364)

A candidate appointed as an Assistant Professor or Agent begins a six-year probationary period. Ordinarily, candidates for tenure serve the full probationary period. However, some candidates arrive with prior academic service and have accumulated years of research and teaching experience before their mandatory review year at this University. In other cases, a candidate is reviewed for tenure before having served six years on the faculty of any college or university. In such exceptional instances of non-mandatory tenure, letters from the Chair and the Dean should address why the promotion is merited now, and why there is convincing evidence of a sustained academic trajectory.

2. Withdrawal from consideration:

Candidates for promotion may voluntarily withdraw from the review process at any time prior to the President’s decision by writing a letter to the Department Chair. (APT Policy 857-859) Copies of the letter of withdrawal should be forwarded to the Dean and Office of Faculty Affairs. When an untenured faculty member withdraws at the time of mandatory review, the faculty member is entitled to an additional one-year contract at the individual’s current rank. (APT Policy 1092-1094)
3. Steps beyond the first level of review:

If either the Department APT Review Committee or the Chair supports the case, it goes forward (APT Policy 847-851).

When a candidate receives a negative recommendation by both Chair and Department APT Review Committee, the review will not proceed further and the candidate must be notified of the situation. The Chair must also inform the administrator at the next level (e.g., Dean) who must certify that the procedures to evaluate the candidate conformed to the regulations in the APT Policy (APT Policy 851-856). To “close out” the case, copies of the letter informing the candidate of the negative outcome of the review, the candidate’s dossier, and the Dean’s certification letter must be submitted to the Office of Faculty Affairs.

B. New Appointments of Associate and Full Professors, Senior Agents and Principal Agents

New faculty appointments to the ranks of Professor and Principal Agent carry tenure and must be reviewed under the University APT process. New faculty appointments to the ranks of Associate Professor and Senior Agent may be with or without tenure. New appointments to the ranks of Associate Professor and Senior Agent with tenure require review under the University APT process. New appointments to these ranks without tenure may proceed for review and approval by the President based on a recommendation from the Provost, unless questions arise, in which case the President may direct that the proposed appointment undergo an unofficial “tenurability” review by University APT committees prior to presidential consideration. No offer of appointment to the rank of Associate Professor, Professor, Senior Agent or Principal Agent (regardless of tenure status) is valid in the absence of presidential approval. New faculty appointments to the rank of Assistant Professor and Agent are not handled under the University APT process.

New appointments may be submitted at any time. All requests for new appointments must be accompanied by a separate memo that provides the information in Table 5, Appendix A that is required for presidential approval of the appointment.

Dossiers for new appointments differ slightly from dossiers of candidates being promoted from within. They lack a Summary of Personal Achievements and Personal Statement. They should, however, contain as much information as possible on the candidate’s performance or potential performance as a teacher, mentor and advisor, as well as on the candidate’s scholarship. External letters of evaluation should be solicited from reviewers suggested by the candidate and from reviewers suggested by the Department. For tenure cases, it is essential that the question of tenure be addressed, both in the APT reports and in external letters. Letters soliciting recommendations for a new tenured appointment should pose the question of whether the candidate merits tenure.

C. Appointment and Promotion Review for Joint (Split) Appointments

New joint appointments should include a copy of the memorandum of understanding (M.O.U.) between the two participating units. This M.O.U. should also be sent to the faculty member. Ordinarily, the memo specifies:

- the tenure home;
- division of responsibility for the line and, where appropriate, arrangements for allocation of DRIF money, lab and office space;
- rights and obligations of the secondary unit(s) and conditions under which line responsibility might be renegotiated (e.g., if units disagree about promotion and/or tenure); and arrangements for reviewing renewal of contract and promotion (if appropriate).
Review of newly hired joint appointments as well as promotions for candidates with joint appointments: In joint appointments, the tenure home department is referenced here as primary, usually the Department with the greatest fraction of the appointment line. It is the prerogative of the primary Department to grant tenure. However, because the rank held by an individual must be consistent across departments, the primary Department needs to consider advisory input from the secondary Department or Unit (e.g., an Institute) as part of the APT review. The following scenarios reflect three different kinds of joint appointment.

1. Appointment split between two independent tenure granting departments and schools

To be eligible to vote within the Department the faculty member:
   (a) must hold a tenured appointment in the University,
   (b) must be at or above the rank to which the candidate seeks appointment or promotion,
   (c) must hold a regular appointment in the unit (with a given percentage of time attached),
   (d) may only vote in a single unit providing the plan of organization permits it, and at only one level of review,
   (e) must vote at the Department level of review and in the tenure home, when there is the opportunity to vote more than once.¹ (APT Policy 716-742)

Step 1. *At the inception of the review, the Chair (or Directors) of the primary and secondary Departments or units are encouraged to coordinate the timing of the review process to obtain timely input from the secondary department. They are also encouraged to draw up a mutual letter that solicits evaluation of the candidate. Ordinarily, this letter should be signed by both APT Chairs. The two units may wish to form a joint review committee consisting of members of both units, who would then deliver their reports to the respective units for consideration and voting.*

Step 2. The secondary unit should conduct a complete review and make its recommendation before the case is considered by the primary unit. The secondary unit’s recommendation is for promotion to a higher rank, not tenure, because the secondary unit is not the individual’s tenure home. The APT report of the secondary unit’s review committee and its votes, as well as the recommendation of the administrator in the secondary unit, should be forwarded to the primary unit for consideration in its APT process. Thus, the secondary unit’s review becomes part of the promotion dossier.

Step 3. The primary unit votes based on its own review and the material furnished by the secondary unit. If the recommendations of the two units disagree, the Chair of the primary unit’s APT Review Committee should provide a written list of questions to the administrator of the secondary unit and the spokesperson for the secondary unit’s APT Review Committee, and invite them to meet with the primary unit to discuss the case.

¹ Chairs and Deans cannot vote as faculty in their Departments. When there are fewer than three eligible voting faculty in a Unit, Deans may appoint faculty from related units as voting faculty, to ensure the APT Committee contains at least three persons. However, these faculty also may not vote on the candidate more than once.
The primary unit incorporates its input (from the faculty and the unit administrator) into the dossier, which the unit then forwards to higher levels of review. The dossier is then forwarded to the Dean.

Step 4. The APT Review Committee for the College wherein the primary unit resides evaluates the entire Dossier that includes material from the primary and secondary units’ reviews. This College APT Review Committee votes and writes a report, the Dean writes a letter, and the Dossier is submitted for evaluation by the Campus APT Review Committee. When disagreements arise between voting units, the Committee should follow the standard practice of informing and inviting the APT Review Committee chairs and administrators to discuss the case.

<table>
<thead>
<tr>
<th>A Road Map to the Joint Appointment/ Review Process</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Two Departments or Units meet to decide on external referees. Letters are sent under joint signature of APT Review Committee Chairs; A joint advisory subcommittee or separate advisory subcommittee may be appointed.</td>
</tr>
<tr>
<td>2. Secondary unit performs review. Secondary unit APT Review Committee votes and writes a report; Secondary unit administrator writes a letter; Material is forwarded to Primary unit.</td>
</tr>
<tr>
<td>3. Primary unit completes review. The APT Review Committee considers its own material and the material supplied by the Secondary unit committee; Primary unit votes and writes a report; Primary unit administrator writes a letter;</td>
</tr>
<tr>
<td>4. Primary College review. Primary College evaluates Dossier containing Primary and Secondary Units’ reviews; College APT Review Committee votes and writes report; Dean writes letter; Material is submitted for evaluation by the Campus APT Review Committee.</td>
</tr>
</tbody>
</table>

2. Appointment split between tenure home and a “permanent” appointment in a secondary unit. If a candidate holds a permanent appointment in a secondary unit that is neither a secondary department nor a non-departmentalized school, the director’s recommendation will be informed by advice from the faculty in the unit who are above the rank which the candidate currently holds. The format of the advice will be determined by the tenure granting unit’s plan of organization. If the input is in the form of a vote, the vote may not include input from those eligible to vote on the candidate at the Department level elsewhere. The director’s advisory letter should be available to faculty in the primary unit before they vote.

3. Appointment split between tenure home and a temporary appointment in a secondary unit. The Chair or Director of the secondary unit writes an evaluative letter to the Chair of the primary unit which is available to the primary unit faculty before they vote. The faculty in the temporary unit do not vote on the candidate.
D. Professor of the Practice (see APT Policy 322-335)

1. Appointment: The material needed for Professor of the Practice is the same as for any new appointment, except that teaching evaluations may not be available. Letters from the Chair and Dean must address the professional credentials of the candidate and the candidate’s role in fulfilling the mission of the Department. Appointments may be for as long as 5 years and contracts are renewable (see below).

The approval route starts with review by the Department APT Review Committee including input from the Chair, and then requires evaluations by the Dean (but not the College APT Review Committee), a committee composed of five Associate Provosts representing the Graduate School, Undergraduate Studies, Academic Planning and Programs, Academic Affairs and Faculty Affairs, and then the Provost and the President.

2. Reappointment: Requires presidential approval based on letters of endorsement from the Chair, Dean and committee of the five Associate Provosts in the preceding paragraph. No department vote or solicitation of outside letters is required. These recommendations and supporting material, such as CV and teaching evaluations, should be forwarded (in abbreviated dossier format with material assembled in the order listed in Table 4) through the Associate Provost for Faculty Affairs for approval by the Provost and President. As with other contracts, the renewal review should be conducted in the year before the year the contract expires.

E. Emerita/Emeritus Status (APT Policy 301-309)

Associate/Full Professors and Principal/Senior Agents who have been faculty members for at least ten years are eligible for nomination to Emerita/Emeritus status. Recommendations for Emerita/Emeritus status will only be considered after the faculty member has submitted a letter of resignation and retirement or an approved retirement agreement, as well as a copy of a memo from the Benefits Office confirming that the faculty member has met with them. (Refer to http://faculty.umd.edu/Retirement/index.html for more information.) The review is ordinarily conducted during the candidate’s last semester of employment. (APT Policy 1121-1124) Faculty at or above the candidate’s pre-retirement rank are entitled to vote on Emerita/Emeritus status. (APT Policy 1130-1134) Candidates for Emerita/Emeritus status are not reviewed by faculty committees beyond the Department APT Review Committee. Reviews beyond the Department are conducted by the Dean, Provost, and President. (APT Policy 1155-1160) Materials submitted for emeriti appointments should include a copy of the above referenced documents. (See Appendix A, Table 4)

Dossiers for Emerita/Emeritus candidates may be submitted at any time, and the date on which Emerita/Emeritus status is to become effective must be specified.

F. College Park Professor (APT Policy 336-346)

This title is conferred on nationally distinguished scholars, creative or performing artists or researchers who would normally qualify for appointment as a professor within the University, but who typically hold full time positions elsewhere. Initial appointment (for a period of three years) must follow the procedures for any appointment for new tenured professor (see B above). Annual appointment renewal is based on recommendations by the Chair and Dean to the Provost in the form of brief evaluative communications, forwarded through the Office of Faculty Affairs.
IV. **FINAL DECISIONS, CONCERNS THAT ARISE AND APPEALS**

This section includes instructions on:

A. Denial at the Department Review  
B. Moving through Higher Levels of Review  
C. Awarding or Denial of Tenure and/or Promotion  
   See Table 6, Appendix A: Candidate Notification of APT Decisions  
D. When Issues Arise during the Review Process  
E. Appeals Process for Denial of Promotion
IV. FINAL DECISIONS, CONCERNS THAT ARISE AND APPEALS

A. Denial at the Department Review

If both the Department APT Review Committee’s and the Chair’s recommendation are negative, the Chair must inform the candidate by certified mail within two weeks of the date of the decision. The letter should state the faculty decision and the administrator’s decision and summarize briefly in general terms the reason for the denial. This letter should include the APT vote. (APT Policy 1016-1023; see Appendix C for examples)

The Department forwards the case only to the Dean. The Dean will review the case to ensure that the candidate has received procedural and substantive due process. If not, the Dean will remand the case to the Department to reconsider. If no error has occurred, the dean must write a letter (a) stating that the case has been reviewed to ascertain that there was no violation of substantive or procedural due process, and (b) where appropriate, specifying the date of termination of employment. (APT Policy 851-856) The letter should be sent by certified mail. This concludes the review process of the case. The Office of Faculty Affairs is available for consultation or advice in matters pertaining to this process. For examples of possible wording for notification letters, see Appendix C.

A copy of these letters and the dossier should be sent to the Associate Provost for Faculty Affairs. The Dean should retain the dossier in case there is an appeal.

B. Moving Through Higher Levels of Review

As long as there is one positive recommendation at the Department level (from either the APT Review Committee or the Chair) the case will proceed to all subsequent levels for review. (APT Policy 847-851) That is, the case will proceed through the College and University faculty committees and administrator reviews.

During higher levels of review, questions may arise regarding a recommendation from a lower level of review. In such cases, the College or University APT Review Committee shall meet with the APT Review Committee Chair(s) and Administrator(s) from the lower levels. A written list of questions will be provided to the lower level representatives in advance to serve as a basis for discussion. (APT Policy 930-939; 984-994)

Whenever either or both faculty and administrator recommendations are negative at higher levels of review, a letter must be sent to the candidate summarizing in general terms the nature of the considerations on which those decisions were based. (APT Policy 1023-1025) The College-level notification letter should be included in the dossier file appended to the Dean’s letter and should be sent by certified mail.

C. Awarding or Denial of Tenure and/or Promotion

Final authority for any appointment that confers tenure or promotion to Associate Professor, Professor, Senior Agent, or Principal Agent resides solely with the President. (APT Policy 1040-1044) The President will inform the candidate of the final disposition of
the case. If the decision is negative, the President will inform the candidate by certified mail. (APT Policy 1103-1106)

D. When Issues Arise During the Review Process

Administrators and faculty committees are responsible for ensuring that all candidates receive fair and impartial treatment. They should deal with perceived problems either within their committee or through the administrative structure as soon as the issue arises. It is recommended that the Chair of the APT Review Committee inform the voting faculty about these responsibilities whenever cases are reviewed. (University Senate Review of Appeals No. 99-00-13).

The faculty member who believes that a violation has occurred during the review process is responsible for objecting at that time and asking for a resolution of the problem. Individuals in that position must inform the Department Chair, the Dean, or the Associate Provost for Faculty Affairs of the perceived difficulty. (University Senate Review of Appeals No. 99-00-13)

E. Appeals Process for Denial of Promotion (APT Policy 1178-1347)

1. Grounds for Appeals (APT Policy 1222-1250)

The two bases for appeal are: violation of substantive due process or violation of procedural due process. Violation of substantive due process means that: (1) the decision was based upon an illegal or constitutionally impermissible consideration; e.g. upon the candidate's gender, race, age, nationality, handicap, sexual orientation, or on the candidate's exercise of protected First Amendment freedoms (e.g., freedom of speech); or (2) the decision was based on erroneous information or misinterpretation of information, or the decision was clearly inconsistent with the supporting materials. (APT Policy 1242-1250)

Violation of procedural due process arises when the decision was negatively influenced by a failure during the APT review: (1) to take a procedural step or (2) to fulfill a procedural requirement established in APT Policy or review procedures of a department or college. Violations occurring prior to the review process are not a basis for an appeal. (APT Policy 1232-1241)

2. The Appeals Process (APT Policy 1200-1340)

A request for an appeal must be made in writing to the President within 60 calendar days of notification of the decision not to grant tenure, promotion, reappointment, or emeriti status. (APT Policy 1205-1209) The request must detail the basis for the appeal and evidence to support the claims. The grounds for the appeal must be within the purview of those identified in the University APT Policy. (APT Policy 1222-1250) Faculty members with questions regarding this process should contact the Office
of Faculty Affairs. The President will determine whether to grant the request for an appeal based on the criteria stated above.

If an appeal request is granted, an **Appeals Committee is formed.** (APT Policy 1179-1196) The appellant has an additional 60 days in which to submit materials related to the case to the Office of Faculty Affairs. **The appellant should be aware that these materials will be shared with the Appeals Committee, and with parties against whom allegations are made and any other persons deemed necessary by the Committee.** (APT Policy 1213-1221)

The Committee will meet with the Appellant, and other parties, and investigate the case, as it deems appropriate. (APT Policy 1258-1271) The Committee may not substitute its academic judgment for the judgment of those in the review.

**The Committee makes a recommendation to the President who makes the final decision.** (APT Policy 1272-1288) When the President supports the grounds for an appeal, the Provost has the responsibility for oversight of the implementation of the corrective action the president requires to be taken. (APT Policy 1290-1293)

ORDER OF ITEMS TO BE INCLUDED IN THE ELECTRONIC DOSSIER

1. Transmittal Form
2a. Dean’s Letter
2b. Candidate Notification Letter (if necessary)
3. College APT Committee Report
4a. Department Chair’s Letter (and secondary unit head’s letter, if applicable)
4b. Promotion Criteria
4c. Candidate Notification Letter
5a. Dept. APT Committee Meeting Report
5b. Dept. Evaluative Report
5c. Optional Minority APT Report
6. Summary Statement of Professional Achievements (signed & dated by candidate)
7. Curriculum Vitae (signed & dated)
8. Reputation of Publication Outlets
9. Candidate’s Personal Statement (signed & dated)
10. Log of Letters of Evaluation
11. Credentials of External Evaluators
12. Sample Letter Used to Solicit External Evaluations
13. Responses of External Evaluators (6 or more, 3 chosen by candidate)
14a. Student Evaluations of Teaching
14b. Peer Evaluations of Teaching
14c. Mentorship, Advising, Research Supervision

Table #6. CANDIDATE NOTIFICATION OF APT DECISION
Appendix B: CV Format

The CV should present an accurate portrait of the candidate’s accomplishments in as concise a manner as possible. To aid the review committees, it should include, in the order shown, the following information: ²

1. Personal Information.
   List the candidate’s name, Department (joint appointments should indicate percentage of each appointment), current rank, year of University appointment to current rank, educational background (including institutions, dates and degrees), and employment background (in chronological order or its inverse).

2. Research, Scholarly and Creative Activities.
   In each category, published works should be listed first, in either chronological order or its inverse, followed (or preceded) by works not yet published but accepted for publication. Pieces in preparation that are not completed and not accepted for publication should not appear on a CV.³ The candidate should distinguish between authored and edited works and between refereed and unrefereed outlets and should clarify the status of unpublished works (e.g. accepted, in press). All authors should be listed in the order they appear on the publication. In exceptional cases, e.g., when the work is a product of a large group (more than 10 authors), not all authors need be listed. As an example, the candidate may list the first three, the last three, and the candidate him/herself (including his/her place in the total author list). That is, if a candidate named "Candidate" is the 97th author, the citation may be listed as: Smith, Jones, Curley...Candidate (97th)...Moe, Larry, Shemp (total of 189 authors). Candidates should designate the identity of the author with intellectual leadership on jointly authored papers (if this designation can be appropriately ascertained) by using * or by placing that name in bold, and also identify which co-authors they mentored as undergraduate and graduate students, postdoctoral researchers, faculty research assistants, and junior faculty. When the research is published in a foreign language, the translation of the title should be included.

   a. Books⁴
      i. Books authored. Specify original or revised edition.
      iii. Chapters in books.
   b. Articles in Referred Journals.
      Full citation, inclusive of all authors in the order of publication and page numbers. Review articles and invited articles should be so identified.
   c. Monographs, Reports and Extension Publications.
   d. Book Reviews, Other Articles, Notes.
   e. Talks, Abstracts and Other Professional Papers Presented.

² Tenured professorial appointment candidates are not required to adhere to this format.
³ The one exception is working papers, customary in certain field such as economics and mathematics. These should be listed under “Section 2 l. Other.”
⁴ Specify whether a manuscript has been accepted without the need for further revisions.
i. Invited talks, etc.
ii. Refereed conference proceedings.
iii. Unrefereed conference proceedings.
f. Films, CDs, Photographs, Webpages, etc.
g. Exhibits, Performances, Demonstrations and Other Creative Activities.
h. Original Designs, Plans, Inventions, Software and/or Patents.
i. Contracts and Grants.
   List source, title, amount awarded, time period and role (e.g., principal investigator) in reverse chronological order. If there are co-investigators, please list these.
j. Fellowships, Prizes and Awards.
k. Editorships, Editorial Boards and Reviewing Activities for Journals and Other Learned Publications.
l. Other (specify type).

3. Teaching, Mentoring and Advising.
a. Courses taught in the last five years. Indicate approximate enrollments and any unusual formats.
b. Course or Curriculum Development.
c. Textbooks, Manuals, Notes, Software, Web pages and Other Contributions to Teaching.
d. Teaching Awards and Other Special Recognition.
e. Advising (other than research direction): Indicate approximate numbers of students per year.
   i. Undergraduate.
   ii. Graduate.
   iii. Other advising and mentoring activities (advising student groups, special assignments, recruiting, faculty mentorship, etc.).
f. Advising: Research Direction. This refers to students whose projects the candidate has directed as chair. The name of student and academic year(s) involved should be indicated, as well as placement of the student(s), if the project is completed. List completed work first.
   i. Undergraduate.
   ii. Master’s.
   iii. Doctoral.
g. Extension Activities. Major programs established, workshops, presentations, media activities, awards, honors, etc.

4. Service.
a. Professional.
   i. Offices and committee memberships held in professional organizations (include dates).
   ii. Reviewing activities for agencies.
   iii. Other unpaid services to local, state and federal agencies.
   iv. Other non-University committees, commissions, panels, etc.
   v. International activities not listed above.

29
vi. Paid consultancies (optional).

b. Campus.
   i. Departmental.
   ii. College.
   iii. University.
   iv. Special administrative assignments.
   v. Other.

c. Community, State, National.

d. Service Awards and Honors.

END OF CV FORMAT
Appendix C: Sample Letters

Sample Letter to External Evaluator

Dear Dr. XXXXXX:

Dr. XXXX XXX is due to be reviewed for Associate Professor in academic year YYYY-YYYY. I am writing to request your confidential evaluation of the qualifications of Dr. XXX for promotion to the rank of Associate Professor of XXXX with Tenure.

In accordance with Appointment, Promotion, and Tenure Policy and Guidelines adopted by the University of Maryland, College of XXXX and Department of XXXX at College Park, I am required to indicate the criteria for promotion and request your evaluation of the following:

- the quality of the publications of the candidate,
- the impact of the candidate’s research,
- the quality of the journals in which the candidate has published,
- the potential for future contributions,
- the candidate’s service to the profession,
- the candidate’s teaching abilities and performance,
- how the candidate compares to others in the field at a comparable stage in their careers and whether or not you would recommend promotion/tenure at your institution (this is an important component in your considerations),
- the nature of your professional interaction with the candidate, if applicable,
- potential clarification of the candidate’s collaboration with other scholars in his/her field.

To assist in your evaluation, I am enclosing the following information: Dr. XXX’s latest curriculum vitae and personal statement, copies of the [X number of] papers listed below selected by Dr. XXX, and a brief summary of the promotion criteria.

I realize that this information is rather extensive and will require considerable effort on your part to review. However, your assistance in helping evaluate Dr. XXX’s credentials will be greatly appreciated and will constitute an important element in the overall evaluation. I would be very grateful if you could respond to us in writing no later than…….. If possible, would you send your reply electronically to .........umd.edu as an attachment?

Sincerely,

XXXX X. XXXXXX
Chair, APT Review Committee
Department of XXX

enclosures: CV, personal statement, publications (please list), Department promotion criteria
Sample Language for Letters in Cases of Denial of Promotion

The eligible voting members of the department met on October 25, 2012 to consider your case for promotion. The vote to endorse your promotion was X yes and Y no with Z mandatory abstentions. This vote, to deny your promotion, reflected concerns about your low scholarly productivity and failure to obtain external funding. Regrettably, I concur with the decision. I am forwarding your dossier to the Dean for review of the evaluative procedures.

Sample Language for Letters of Review for Adherence to Due Process

Dear........:

As you know, the faculty and Chair of the Department of... have recommended against promoting you to the rank of... The University APT Policy requires me, as Dean of the College of..., to “review the case to ensure that the candidate has received procedural and substantive due process.” I have carefully examined your case and find no evidence of procedural or substantive due process errors during the review.

For letters to Associate Professors:

I, therefore, accept the judgment of the Department APT Review Committee and the Chair that you not be promoted to the rank of Professor at this time. I hope and trust that your continued efforts in teaching, research, mentoring, and service will warrant promotion at a later date.

For letters to Assistant Professors and untenured Associate Professors undergoing mandatory review:

I, therefore, accept the judgment of the Department APT Review Committee and the Department Chair that you not be (promoted to the rank of Associate Professor and) granted tenure. You will be granted an additional one-year contract and your appointment will terminate on _____.

Please accept my best wishes in your future endeavors.

Sincerely,

Dean....

APPENDIX E: University APT Policy

II-1.00(A) UNIVERSITY OF MARYLAND POLICY ON APPOINTMENT, PROMOTION, AND TENURE OF FACULTY

This policy complements the University of Maryland System Policy on Appointment, Rank, and Tenure of Faculty, adapting that policy in accordance with the institutional mission of the University of Maryland at College Park. Within the framework of the System Policy, it specifies the criteria and procedures related to faculty personnel actions which shall apply to the University of Maryland at College Park.

Subject to the provisions of paragraphs I.C.15 and I.C.17 of the University of Maryland System Policy on Appointment, Rank and Tenure of Faculty (1989), the provisions of paragraph III.C of this University of Maryland at College Park Policy on Appointment, Promotion and Tenure of Faculty shall be published in the Faculty Handbook and shall constitute part of the contractually binding agreement between the university and the faculty member. Any proposed changes to this University of Maryland at College Park Policy on Appointment, Promotion and Tenure of Faculty shall be submitted for initial review and endorsement by the College Park Campus Senate.

Terminological Note

The procedures spelled out in this document for tenure and promotion review specify three levels of review below the President's office. For most faculty members these are the department, the college, and the campus levels. However, some faculty members are appointed in colleges and schools that are not departmentalized and that conduct the initial review at the college or school level. For uniform terminology the initial review, whether conducted by a department or a non-departmentalized school or college, is referred to as a “first-level review,” and “department” is
usually replaced by “first-level unit.” First-level units thus comprise departments, non-departmentalized schools, and non-departmentalized colleges. Higher levels of review are referred to as “second-level” and “third-level.”

For the purpose of this policy, the term "university" and the term "institution" shall be synonymous and shall mean the University of Maryland at College Park. For the purpose of this policy, the word "days" shall refer to calendar days.

Purpose of this Policy

The University of Maryland is dedicated to the discovery and the transmission of knowledge and to the achievement of excellence in its academic disciplines. Each faculty member has a personal responsibility for contributing to the achievement of excellence in his or her own academic discipline and for exercising the best judgment in advancing the department, the college, and the University. Those faculty members holding the rank of Professor have the greatest responsibility for establishing and maintaining the highest standards of academic performance within the University. This Policy on the Appointment, Promotion, and Tenure of Faculty exists to set the standards for appointment and promotion to the various faculty ranks and to recognize and to encourage the achievement of excellence on the part of the faculty members through the awarding of tenure and through promotion within the faculty ranks. Through this process the University builds and enhances its educational programs and services and it advances the state of knowledge which supports the growth and development of our society.

I. MINIMUM QUALIFICATIONS FOR APPOINTMENT OR PROMOTION TO THE ACADEMIC AND ACADEMIC ADMINISTRATIVE RANKS

The only faculty ranks which may involve a tenure commitment are: Professor, Associate Professor, Assistant Professor, Principal Agent, Senior Agent, and Agent, and such other ranks as the Board of Regents may approve. Effective April 5, 1989, appointments to all other ranks, including any qualified rank, other than an honorific qualification, in which an additional adjective is introduced, are for a definite term and do not involve a tenure commitment. Those granted tenure in such a rank before April 5, 1989, shall continue to hold tenure in that rank.

The following shall be the minimum qualifications for appointment or promotion to the academic ranks in use by the University of Maryland at College Park.

A. Faculty with Duties in Teaching and Research

1. Instructor

An appointee to the rank of Instructor ordinarily shall hold the highest earned degree in his or her field of specialization. There shall be evidence

---

1 As of November 14, 1995, this title may NOT be used for new appointments.
also of potential for excellence in teaching and for a successful academic career. The rank does not carry tenure.

2. **Assistant Professor**

The appointee shall have qualities suggesting a high level of teaching ability in the relevant academic field, and shall provide evidence of potential for superior research, scholarship, or artistic creativity in the field. Because this is a tenure-track position, the appointee shall at the time of appointment show promise of having, at such time as he or she is to be reviewed for tenure and promotion in accordance with paragraph I.C.4 of the University of Maryland System Policy and paragraph III.C.3 of this policy, the qualities described under "Associate Professor" below. In most fields the doctorate shall be a requirement for appointment to an assistant professorship. Although the rank normally leads to review for tenure and promotion, persons appointed to the rank of Assistant Professor after the effective date of this policy shall not be granted tenure in this rank.

3. **Associate Professor**

In addition to having the qualifications of an Assistant Professor, the appointee shall have a high level of competence in teaching and advisement in the relevant academic field, shall have demonstrated significant research, scholarship, or artistic creativity in the field and shall have shown promise of continued productivity, shall be competent to direct work of major subdivisions of the primary academic unit and to offer graduate instruction and direct graduate research, and shall have served the campus, the profession, or the community in some useful way in addition to teaching and research. Promotion to the rank from within confers tenure; appointment to the rank from without may confer tenure.

4. **Professor**

In addition to having the qualifications of an Associate Professor, the appointee shall have established a national and, where appropriate, international reputation for outstanding research, scholarship or artistic creativity, and a distinguished record of teaching. There also must be a record of continuing evidence of relevant and effective professional service. The rank carries tenure.

B. **Faculty with Duties Primarily in Research, Scholarship, or Artistic Creativity**

All appointments in the following titles are renewable. Appointments with these faculty titles do not carry tenure.
1. Faculty Research Assistant

The appointee shall be capable of assisting in research under the direction of the head of a research project and shall have ability and training adequate to the carrying out of the particular techniques required, the assembling of data, and the use and care of any specialized apparatus. A baccalaureate degree shall be the minimum requirement.

2. Research Associate

The appointee shall be trained in research procedures, shall be capable of carrying out individual research or collaborating in group research at the advanced level, and shall have had the experience and specialized training necessary for success in such research projects as may be undertaken. An earned doctorate shall normally be a minimum requirement.

3. Research Assistant Professor; Assistant Research Scientist; Assistant Research Scholar; Assistant Research Engineer

These ranks are generally parallel to Assistant Professor. In addition to the qualifications of a Research Associate, appointees to these ranks shall have demonstrated superior research ability. Appointees should be qualified and competent to direct the work of others (such as technicians, graduate students, other senior research personnel). The doctoral degree will be a normal requirement for appointment at these ranks. Appointment to these ranks may be made for a period of up to three years.

4. Research Associate Professor; Associate Research Scientist; Associate Research Scholar; Associate Research Engineer

These ranks are generally parallel to Associate Professor. In addition to the qualifications required of the assistant ranks, appointees to these ranks should have extensive successful experience in scholarly or creative endeavors, and the ability to propose, develop, and manage major research projects. Appointment to these ranks may be made for a period of up to three years.

5. Research Professor; Senior Research Scientist; Senior Research Scholar; Senior Research Engineer

These ranks are generally parallel to Professor. In addition to the qualifications required of the associate ranks, appointees to these ranks should have demonstrated a degree of proficiency sufficient to establish an excellent reputation among regional and national colleagues. Appointees
should provide tangible evidence of sound scholarly production in research, publications, professional achievements or other distinguished and creative activity. Appointment to these ranks may be made for a period of up to five years.

6. Assistant Artist-in-Residence; Associate Artist-in-Residence; Senior Artist-in-Residence

These titles, parallel to Assistant Professor, Associate Professor, and Professor, respectively, are intended for those persons whose professional activities are of a creative or performance nature, including but not limited to theatre, dance, music, and art. In each case, the qualifications shall reflect demonstrated superior proficiency and excellence and progressively higher national and international reputation, as appropriate to the ranks involved. Appointment to the rank of Senior Artist-in-Residence may be made for a period of up to five years; appointment to the ranks of Assistant Artist-in-Residence and Associate Artist-in-Residence may be made for a period of up to three years.

C. Field Faculty

1. Associate Agent

The appointee shall hold at least a bachelor’s degree and shall show evidence of ability to work with people. The appointee shall have an educational background related to the specific position and should demonstrate evidence of creative ability to plan and implement Cooperative Extension Service programs. This is a term appointment and may be renewed annually.

2. Faculty Extension Assistant

The appointee shall be capable of assisting in Extension under the direction of the head of an Extension project and have the specialized expertise, training and ability to perform the duties required. An earned bachelor’s degree and experience in the specialized field is required.

3. Faculty Extension Associate

The appointee shall be capable of carrying out individual instruction or collaborating in group discussions at the advanced level, should be trained in Extension procedures, and should have had the experience and specialized training necessary to develop and interpret data required for success in such Extension projects as may be undertaken. An earned doctorate shall be the minimum requirement.
4. **Agent (parallel to the rank of Assistant Professor)**

The appointee must hold a master’s degree in an appropriate discipline and show evidence of academic ability and leadership skills. The appointee shall have an educational background related to the specific position.

5. **Senior Agent (parallel to the rank of Associate Professor)**

In addition to the qualifications of an Agent, the appointee must have demonstrated achievement in program development and must have shown originality and creative ability in designing new programs, teaching effectiveness, and evidence of service to the community, institution, and profession. Appointment to this rank may carry tenure.

6. **Principal Agent (parallel to the rank of Professor)**

In addition to the qualifications of a Senior Agent, the appointee must have demonstrated leadership ability and evidence of service to the community, institution, and profession. The appointee must also have received recognition for contributions to the Cooperative Extension Service sufficient to establish a reputation among State, regional and/or national colleagues, and should have demonstrated evidence of distinguished achievement in creative program development. Appointment to this rank carried tenure.

**D. Faculty Engaged Exclusively Or Primarily in Clinical Teaching**

All appointments in the following titles are renewable. Appointments with these faculty titles do not carry tenure.

1. **Clinical Assistant Professor**

The appointee shall hold, as a minimum, the terminal professional degree in the field, with training and experience in an area of specialization. There must be clear evidence of a high level of ability in clinical practice and teaching in the departmental field, and the potential for clinical and teaching excellence in a subdivision of this field. The appointee should also have demonstrated scholarly and/or administrative ability.

2. **Clinical Associate Professor**

In addition to the qualifications required of a Clinical Assistant Professor, the appointee should ordinarily have had extensive successful experience
in clinical or professional practice in a field of specialization, or in a subdivision of the departmental field, and in working with and/or directing others (such as professionals, faculty members, graduate students, fellows, and residents or interns) in clinical activities in the field. The appointee must also have demonstrated superior teaching ability and scholarly or administrative accomplishments.

3. **Clinical Professor**

In addition to the qualifications required of a Clinical Associate Professor, the appointee shall have demonstrated a degree of excellence in clinical practice and teaching sufficient to establish an outstanding regional and national reputation among colleagues. The appointee shall also have demonstrated extraordinary scholarly competence and leadership in the profession.

**E. Faculty Engaged Exclusively or Primarily in Library Services**

Library faculty hold the ranks of Librarian I-IV. Each rank requires a master’s degree from an American Library Association accredited program or a graduate degree in another field where appropriate. The master’s degree is considered the terminal degree. Appointments to these ranks are for 12 months with leave and other benefits provided to twelve-month tenured/tenure track faculty members with the exception of terminal leave, sabbatical leave, and non-creditable sick leave (collégially supported).

Permanent status is an institutional commitment to permanent and continuous employment to be terminated only for adequate cause (for example, professional or scholarly misconduct; incompetence; moral turpitude; or willful neglect of duty) and only after due process in accordance with relevant USM and campus policies. Librarians at the rank of Librarian I and Librarian II are not eligible for permanent status. Permanent status is available for library faculty holding the rank of Librarian III and Librarian IV. Those candidates without permanent status applying for the rank of Librarian III and Librarian IV shall be considered concurrently for permanent status.

1. **Librarian I**

This is an entry-level rank, assigned to librarians with little or no professional library experience. This rank does not carry permanent status.

2. **Librarian II**

Librarians at this rank have demonstrated professional development
evidenced by achievement of a specialization in a subject, service, technical, administrative, or other area of value to the library. This rank does not carry permanent status.

3. Librarian III

Librarians at this rank have a high level of competence in performing professional duties requiring specialized knowledge or experience. They shall have served the Libraries, the campus, or the community in some significant way; have shown evidence of creative or scholarly contribution; and have been involved in mentoring and providing developmental opportunities for their colleagues. They shall have shown promise of continued productivity in librarianship, service, and scholarship or creativity. Promotion to this rank from within the Libraries confers permanent status; appointment to this rank from outside the Libraries may confer permanent status.

4. Librarian IV

Librarians at this rank show evidence of superior performance at the highest levels of specialized work and professional responsibility. They have shown evidence of and demonstrate promise for continued contribution in valuable service and significant creative or scholarly contribution. Such achievement must include leadership roles and have resulted in the attainment of Libraries, campus, state, regional, national, or international recognition. This rank carries permanent status.

F. Additional Faculty Ranks

1. Assistant Instructor

The appointee shall be competent to fill a specific position in an acceptable manner, but he or she is not required to meet all the requirements for an Instructor. He or she shall hold the appropriate baccalaureate degree or possess equivalent experience.

2. Lecturer

The title Lecturer will ordinarily be used to designate appointments, at any salary and experience level, of persons who are serving in a teaching capacity for a limited time or part-time. This rank does not carry tenure.

3. Senior Lecturer

In addition to having the qualifications of a lecturer, the appointee
normally shall have established over the course of six years a record of
teaching excellence and service. Appointment to this rank requires the
approval of the departmental faculty. The appointment is made for a term
not to exceed five years and is renewable. This rank does not carry tenure.

4. Adjunct Assistant Professor, Adjunct Associate Professor, Adjunct
Professor

The appointee shall be associated with the faculty of a department or non-
departmentalized school or college, but shall not be essential to the
development of that unit's program. The titles do not carry tenure. The
appointee may be paid or unpaid. The appointee may be employed
outside the University, but shall not hold another paid appointment at the
University of Maryland at College Park. The appointee shall have such
expertise in his or her discipline and be so well regarded that his or her
appointment will have the endorsement of the majority of the members of
the professorial faculty of the academic unit. Any academic unit may
recommend to the administration persons of these ranks; normally, the
number of adjunct appointments shall comprise no more than a
small percentage of the faculty in an academic unit. Appointments to
these ranks shall not extend beyond the end of the fiscal year during
which the appointment becomes effective and may be renewed.

5. Affiliate Assistant Professor, Affiliate Associate Professor, Affiliate
Professor, Affiliate Librarian II, Affiliate Librarian III, and Affiliate
Librarian IV

These titles shall be used to recognize the affiliation of a faculty member
or other university employee with an academic unit other than that to
which his or her appointment and salary are formally linked. The nature
of the affiliation shall be specified in writing, and the appointment shall be
made upon the recommendation of the faculty of the department with
which the appointee is to be affiliated and with the consent of the faculty
of his or her primary department. The rank of affiliation shall be
commensurate with the appointee's qualifications.

6. Visiting Appointments

The prefix Visiting before an academic title, e.g., Visiting Professor, shall
be used to designate a short-term professorial appointment without tenure.

7. Emerita, Emeritus

The word emerita or emeritus after an academic title shall designate a
faculty member who has retired from full-time employment in the
University of Maryland at College Park after meritorious service to the University in the areas of teaching, research, or service. Emerita or emeritus status may be conferred on Associate Professors, Professors, Distinguished University Professors, Research Associate Professors, Research Professors, Senior Agents, Principal Agents, Librarians III, and Librarians IV.

8. **Distinguished University Professor**

The title Distinguished University Professor will be conferred by the President upon a limited number of members of the faculty of the University of Maryland at College Park in recognition of distinguished achievement in teaching; research or creative activities; and service to the University, the profession, and the community. College Park faculty who, at the time of approval of this title, carry the title of Distinguished Professor, will be permitted to retain their present title or to change to the title of Distinguished University Professor. Designation as Distinguished University Professor shall include an annual allocation of funds to support his or her professional activities, to be expended in accordance with applicable University policies.

9. **Professor of the Practice**

This title may be used to appoint individuals who have demonstrated excellence in the practice as well as leadership in specific fields. The appointee shall have attained regional and national prominence and, when appropriate, international recognition of outstanding achievement. Additionally, the appointee shall have demonstrated superior teaching ability appropriate to assigned responsibilities. As a minimum, the appointee shall hold the terminal professional degree in the field or equivalent stature by virtue of experience. Appointees will hold the rank of Professor but, while having the stature, will not have rights that are limited to tenured faculty. Initial appointment is for periods up to five years, and reappointment is possible. This title does not carry tenure, nor does time served as a Professor of the Practice count toward achieving tenure in another title.

10. **College Park Professor**

This title may be used for nationally distinguished scholars, creative or performing artists, or researchers who would qualify for appointment at the University of Maryland at College Park at the level of professor but who normally hold full-time positions outside the University. Holders of this title may provide graduate student supervision, serve as principal investigators, and participate in departmental and college shared
governance. Initial appointment is for three years and is renewable annually upon recommendation to the Provost by the unit head and dean. Appointment as a College Park Professor does not carry tenure or expectation of salary.

11 Other Titles

No new faculty titles or designations shall be created by the University of Maryland at College Park for appointees to faculty status without approval by the Campus Senate and the President.

II. CRITERIA FOR APPOINTMENT AND PROMOTION

The criteria for appointment, tenure, and promotion shall reflect the educational mission of the University of Maryland at College Park: to provide an undergraduate education ranked among the best in the nation; to provide a nationally and internationally renowned program of graduate education and research, making significant contributions to the arts, the humanities, the professions, and the sciences; and to provide public service to the state and the nation embodying the best tradition of outstanding land-grant colleges and universities.

In the case of both appointments and promotions every effort shall be made to fill positions with persons of the highest qualifications. Search, appointment, and promotion procedures shall comply with institutional policies, including affirmative action guidelines, and be widely publicized and published in the Faculty Handbook.

It is the special responsibility of those in charge of recommending appointments to make a thorough search of available talent before recommending appointees. At a minimum, the search for full-time tenure-track or tenured faculty and academic administrators shall include the advertisement of available positions in the appropriate media.

Decisions on tenure-track appointments must also take account of the academic needs of the department, school, college, and institution at the time of appointment and the projected needs at the time of consideration for tenure. This is both an element of sound academic planning and an essential element of fairness to candidates for tenure-track positions. Academic units shall select for initial appointment those candidates who, at the time of consideration for tenure, are most likely to merit tenure and also whose areas of expertise are most likely to be compatible with the unit's projected programmatic needs. The same concern shall be shown in the renewal of tenure-track appointments.

Each college, school, and department shall develop brief, general, written Criteria for Tenure and/or Promotion. The criteria to be considered in appointments and promotions fall into three general categories: (1) performance in teaching, advising, and mentoring of students; (2) performance in research, scholarship, and creative activity; (3) performance of professional service to the university, the profession, or the community. The relative
importance of these criteria may vary among different academic units, but each of the
categories shall be considered in every decision. The criteria for appointment to a faculty
rank or tenure shall be the same as for promotion to that rank (or for tenuring at the rank
of associate professor), whether or not the individual is being considered for an
administrative appointment. An academic unit’s general Criteria for Tenure and/or
Promotion must receive the approval of the next level administrator. Any exceptional or
unusual arrangements relating to criteria for tenure and/or promotion shall be specified in
writing at the time of appointment and shall be approved by the faculty and administrator
of the first-level unit, by the dean of the school or college, and by the Provost.

Upon appointment, each new faculty member shall be given by his or her chair or dean a
copy of the unit’s Criteria for Tenure and/or Promotion and the chair or dean shall
discuss the Criteria with the faculty member. Each faculty member shall be notified
promptly in writing by his or her chair or dean of any changes in the unit’s Criteria for
Tenure and/or Promotion.

Decisions on promotion of tenured faculty members shall be based on the academic merit
of the candidate as evaluated using the relevant Criteria. Decisions on the renewal of
untenured appointments and on promotion decisions involving the granting of tenure
shall be based on the academic merit of the candidate as evaluated using the relevant
Criteria and on the academic needs of the department, school, college, and institution.
Considerations relating to the present or future programmatic value of the candidate’s
particular field of expertise, or other larger institutional objectives, may be legitimately
considered in the context of a tenure decision. In no case, however, may programmatic
considerations affecting a particular candidate be changed following the first renewal of
the faculty contract of that candidate. It is essential that academic units develop long-
range projections of programmatic needs in order that decisions on tenure and tenure-
track appointments and promotions to tenure ranks be made on a rational basis.

A. Teaching and Advisement

Superior teaching and academic advisement at all instructional levels (or
reasonable promise thereof in the case of initial appointments) are essential
criteria in appointment and promotion. Every effort shall be made to recognize
and emphasize excellence in teaching and advisement. The general test to be
applied is that the faculty member be engaged regularly and effectively in
teaching and advisement activities of high quality and significance.

The responsibility for the evaluation of teaching performance rests on the
academic unit of the faculty member. Each academic unit shall develop and
disseminate the criteria to be used in the evaluation of the teaching performance
of its members. The evaluation should normally include opinions of students and
colleagues.

B. Research, Scholarship, and Artistic Creativity
Research, scholarship and artistic creativity are among the primary functions of the university. A faculty member's contributions will vary from one academic or professional field to another, but the general test to be applied is that the faculty member be engaged continually and effectively in creative activities of distinction. Each academic unit shall develop and disseminate the criteria for evaluating scholarly and creative activity in that unit.

Research or other activity of a classified or proprietary nature shall not be considered in weighing an individual's case for appointment or promotion.

C. Service

In addition to a demonstrated excellence in teaching and in research, scholarship and artistic creativity, a candidate for promotion should have established a commitment to the University and the profession through participation in service activities. Such participation may take several different forms: service to the university; to the profession and higher education; and to the community, school systems, and governmental agencies. Service activity is expected of the faculty member, but service shall not substitute for teaching and advisement or for achievement in research, scholarship, or artistic creativity. Service activity shall not be expected or required of junior faculty to the point that it interferes with the development of their teaching and research.

III. APPOINTMENT OF FACULTY

A. Search Process

1. Recruitment of faculty shall be governed by written search procedures, which shall anticipate and describe the manner in which new professorial faculty members will be recruited, including arrangements for interinstitutional appointments, interdepartmental appointments, and appointments in new academic units.

2. Search procedures shall reflect the commitment of the University to equal opportunity and affirmative action. Campus procedures shall be widely disseminated and published in the Faculty Handbook.

3. Faculty review committees are an essential part of the review and recommendation process for new full-time faculty appointments. The procedures which lead to new faculty appointments should hold to standards at least as rigorous as those that pertain to promotions to the same rank.
B. Offers of Appointment

1. An offer of appointment can be made only with the approval of the President or his or her designee. Full-time appointments to the rank of Associate Professor or Professor require the written approval of the President.

2. All faculty appointments are made to a designated rank effective on a specific date. A standard letter of appointment shall be developed for each rank and tenure status and shall be approved by the Office of the Attorney General for form and legal sufficiency. The University shall publish in a designated section of the Faculty Handbook all duly approved System and University policies and procedures which set forth faculty rights and responsibilities. Subject to the provisions of paragraphs I.C.15 and I.C.17 of the System Policy on Appointment, Rank, and Tenure of Faculty and paragraph III.C of this document, the terms described in the letter of appointment, together with the policies reproduced in the designated portions of the Faculty Handbook, shall constitute a contractually binding agreement between the University and the appointee.

C. Provisions Related to Appointments, Promotion, and Tenure

The following provisions are adapted from the System Policy on Appointments, Rank, and Tenure to reflect the mission of the University of Maryland at College Park and are to be furnished to all new faculty at the time of initial appointment.

1. Adjustments in salary or advancement in rank may be made under these policies, and, except where a definite termination date is a condition of appointment, the conditions pertaining to the rank as modified shall become effective as of the date of the modification.

2. Subject to any special conditions specified in the letter of appointment, full-time appointments to the rank of Assistant Professor shall be for an initial term of one to three years. The first year of the initial appointment shall be a probationary year, and the appointment may be terminated at the end of that fiscal year if the appointee is so notified by March 1. In the event that the initial appointment is for two years, the appointment may be terminated if the appointee is so notified by December 15 of the second year. After the second year of the initial appointment, the appointee shall be given one full year's notice if it is the intention of the University not to renew the appointment. If the appointee does not receive timely notification of nonrenewal, the initial appointment shall be extended for one additional year. An initial appointment may be renewed for an additional one, two, or three years. Except as set forth in paragraph III.C.3 below, an appointment to any term beyond the initial appointment shall
terminate at the conclusion of that additional term unless the appointee is notified in writing that it is to be renewed for another term allowable under University System policies or the appointee is granted tenure. Such appointments may be terminated at any time in accordance with paragraphs III.C.5-11.

3. An Assistant Professor whose appointment is extended to a full six years shall receive a formal review for tenure in the sixth year. (An assistant professor may receive a formal review for tenure and be granted tenure earlier (cf. IV.A.4.).) The appointee shall be notified in writing, by the end of the appointment year in which the review was conducted, of the decision to grant or deny tenure. Notwithstanding anything in paragraph III.C.2 to the contrary, a full-time appointee who has completed six consecutive years of service at the University as an Assistant Professor, and who has been notified that tenure has been denied, shall be granted an additional and terminal one year appointment in that rank, but, barring exceptional circumstances, shall receive no further consideration for tenure. In the event that an Assistant Professor in his or her sixth year of service is not affirmatively awarded tenure by the President or otherwise notified of a tenure decision, then he or she shall be granted a one-year terminal appointment.

4. Full-time appointments or promotions to the rank of Associate Professor or Professor require the written approval of the President. Promotions to the rank of Associate Professor or Professor carry immediate tenure. New full-time appointments to the rank of Professor carry immediate tenure. New full-time appointments to the rank of Associate Professor may carry tenure. If immediate tenure is not offered, such appointments shall be for an initial period of up to four years and shall terminate at the end of that period unless the appointee is notified in writing that he or she has been granted tenure. An Associate Professor who is appointed without tenure shall receive a formal review for tenure. No later than one year prior to the expiration of the appointment, the formal review must be completed, and written notice must be given that tenure has been granted or denied. Appointments carrying tenure may be terminated at any time as described under paragraphs III.C.5-11.

5. A term of service may be terminated by the appointee by resignation, but it is expressly agreed that no resignation shall become effective until the termination of the appointment period in which the resignation is offered except by mutual agreement between the appointee and the President or designee.

6. a. The President may terminate the appointment of a tenured or tenure-track appointee for moral turpitude, professional or
If an appointment is terminated in the manner prescribed in paragraph III.C.6, the President may, at his or her discretion, relieve the appointee of assigned duties immediately or allow the appointee to continue in the position for a specified period of time. The appointee's compensation shall continue for a period of one year commencing on the date on which the appointee receives notice of termination. A faculty member whose appointment is terminated for cause involving moral scholarly misconduct, incompetence, or willful neglect of duty, provided that the charges be stated in writing, that the appointee be furnished a copy thereof, and that the appointee be given an opportunity prior to such termination to request a hearing by an impartial hearing officer appointed by the President or a duly appointed faculty board of review. With the consent of the President, the appointee may elect a hearing by the President rather than by a hearing officer or a faculty board of review. Upon receipt of notice of termination, the appointee shall have thirty (30) calendar days to request a hearing. The hearing shall be held no sooner than thirty (30) calendar days after receipt of such a request. The date of the hearing shall be set by mutual agreement of the appointee and the hearing officer or faculty board of review. If a hearing officer or a faculty board of review is appointed, the hearing officer or board shall make a recommendation to the President for action to be taken. The recommendation shall be based only on the evidence of record in the proceeding. Either party to the hearing may request an opportunity for oral argument before the President prior to action on the recommendation. If the President does not accept the recommendation of the hearing officer or board of review, the reasons shall be communicated promptly in writing to the appointee and the hearing officer or board. In the event that the President elects to terminate the appointment, the appointee may appeal to the Board of Regents, which shall render a final decision.

b. Under exceptional circumstances and following consultation with the chair of the faculty board of review or appropriate faculty committee, the President may direct that the appointee be relieved of some or all of his or her University duties, without loss of compensation and without prejudice, pending a final decision in the termination proceedings. (In case of emergency involving threat to life, the President may act to suspend temporarily prior to consultation.)

c. The appointee may elect to be represented by counsel of his or her choice throughout the termination proceedings.
turpitude or professional or scholarly misconduct shall receive no notice or
further compensation beyond the date of final action by the President or
Board of Regents.

8. The University may terminate any appointment because of the
discontinuance of the department, program, school or unit in which the
appointment was made; or because of the lack of appropriations
or other funds with which to support the appointment. Such decisions
must be made in accordance with written University policies. The
President shall give a full-time appointee holding tenure notice of such
termination at least one year before the date on which the appointment is
terminated.

9. Notwithstanding any provisions to the contrary, the appointment of any
untenured faculty member, fifty percent or more of whose compensation is
derived from research contracts, service contracts, gifts or grants, shall be
subject to termination upon expiration of the research funds, service
contract income, gifts or grants from which the compensation is payable.

10. Appointments shall terminate upon the death of the appointee. Upon
termination for this cause, the University shall pay to the estate of the
appointee all of the accumulated and unpaid earnings of the appointee plus
compensation for accumulated unused annual leave.

11. If, in the judgment of the appointee's department chair or supervisor, a
deficiency in the appointee's professional conduct or performance
exists that does not warrant dismissal or suspension, a moderate sanction
such as a formal warning or censure may be imposed, provided that
the appointee is first afforded an opportunity to contest the action through
the established faculty grievance procedure.

12. Unless the appointee agrees otherwise, any changes that are hereafter
made in paragraphs III.C.1-12 will be applied only to subsequent
appointments.

13. Compensation for appointments under these policies is subject to
modification in the event of reduction in State appropriations or in other
income from which compensation may be paid.

14. The appointee shall be subject to all applicable policies and procedures
duly adopted or amended from time to time by the University or the
University System, including, but not limited to, policies and procedures
regarding annual leave; sick leave; sabbatical leave; leave of absence;
outside employment; patents and copyrights; scholarly and professional
misconduct; retirement; reduction, consolidation or discontinuation of
programs; and criteria on teaching, scholarship, and service.
D. Provisions Relating to Formal Promotion and Tenure Reviews

1. Reviews for promotion and tenure shall be conducted according to the duly adopted written policies and procedures of the University. These procedures shall be published in the Faculty Handbook.

2. Faculty review committees are a part of the review process at each level.

3. Each review by a faculty committee and each review by the administrator of an academic unit (chair or dean) shall be focused on the evaluation of the candidate using the Criteria for Tenure and/or Promotion of that unit. Each review shall be based on materials that must include the candidate’s CV, the candidate’s Personal Statement, the Summary Statement of Professional Achievements, the Candidate’s Response to the Summary Statement of Professional Achievements (if one is written), the letters from external evaluators, and the other prescribed elements in the University Appointment, Promotion and Tenure Procedures Manual. At the second and third levels of review, these promotion materials include the promotion committee reports and the letters from academic unit administrators.

4. A faculty member eligible to vote on the promotion recommendation on a candidate of an academic unit may not participate in a review of that candidate or vote on that candidate at a higher level of review. Because they provide an independent evaluation, department chairs, academic deans, and the Provost are ineligible to vote at any level.

5. Candidates shall have the right to appeal negative promotion and tenure decisions on grounds specified in the policies and procedures of paragraph V.B.

IV. PROMOTION, TENURE, AND EMERITUS REVIEW

The Provost shall develop detailed written procedures, implementing the University and the System policies on appointment, promotion, and tenure. This set of procedures shall be known as the University’s Implementation of the University Appointment, Promotion and Tenure Policy and these procedures shall govern the University’s decision-making. The procedures developed shall be subject to review and approval by the University Senate. The Provost shall also develop useful guidelines, suggestions, and advice for candidates for tenure and/or promotion and for academic units responsible for carrying out reviews of candidates. Each year the Provost shall publish the University Appointment, Promotion and Tenure Procedures Manual. This manual shall contain the entire text of the University’s Appointment, Promotion and Tenure Policy, the
University’s implementation of this policy, and the guidelines, suggestions, and advice for candidates and for academic units. The University’s Implementation should contain the University’s required procedures clearly identified as such. All guidelines, suggestions, and advice in the Manual must be so labeled and distinguished from the required procedures.

Each college, school, and department shall develop detailed written procedures implementing the University and System policies on appointment, promotion, and tenure and the University’s implementation of the University’s Policy. The procedures of each academic unit shall be subject to review and approval by the policy-setting faculty body of the college or school for an academic unit in a departmentalized college or school, as established in its plan of organization, by the dean, and by the University Senate.

The University’s required procedures and(139,320),(903,372)(271,746),(848,809) to which a candidate belongs shall apply to promotion and tenure decisions for all full-time faculty and for academic administrators who hold faculty rank, or who would hold faculty rank if appointed.

The Provost has the responsibility for systematically monitoring the fair and timely compliance of all academic units with the approved procedures of this Appointment, Tenure and Promotion Policy and for the prompt remedying of any failure to fulfill a provision of this Policy that occurs prior to the institution of a formal tenure and/or promotion review. A violation of procedural due process during a formal review for tenure and/or promotion is subject to the provisions of Section V, The Appeals Process.

At the time of appointment, each new faculty member shall be provided by the chair or dean of the first-level unit with a copy of the University’s Appointment, Promotion and Tenure Procedures Manual and the procedures for the lower-level academic units to which he or she belongs and the chair or dean shall discuss the procedures with the faculty member. Faculty members should stay up to date on these procedures and academic units should keep their faculty members informed of any changes.

Faculty review committees shall be an essential part of the review and recommendation process for all full-time faculty. Review committees and administrators at all levels shall impose the highest standards of quality, shall ensure that all candidates receive fair and impartial treatment, and shall be responsible for maintaining the integrity and the confidentiality of the review and recommendation process.

Candidates for tenure and/or promotion are responsible for providing their academic unit with an accurate curriculum vitae detailing their academic and professional achievements. Candidates holding faculty rank at the University shall also make a written Personal Statement advocating their case for tenure and/or promotion based on the facts in their CV, on the applicable Criteria for Tenure and/or Promotion, and on their perspective of those achievements in the context of their discipline. Both the CV and the Personal Statement shall be presented in the form required by the University Appointment, Promotion and Tenure Procedures Manual at the beginning of the
academic year in which a formal review for tenure and/or promotion will occur. These
two documents shall be included with each request for external evaluation and shall be
included in the promotion dossier reviewed at each level within the University. Within
the University review system, units and administrators may express their judgments on
the contents and on the significance of elements in either of the candidate’s documents.
Units may only ask in neutral language for external evaluators to comment on elements
of these documents as part of their review but not suggest conclusions.

The burden of evaluating the qualifications and suitability of the candidate for tenure and
promotion is greatest at the first level of review. Great weight shall be given at the higher
levels of review to the judgments and recommendations of lower-level review
committees and to the principle of peer review.

The decision whether or not to award tenure or promotion shall be based primarily on the
candidate’s record of accomplishment in each of the three areas of teaching and
advisement, research, and service, and the anticipated level of future achievements as
indicated by accomplishments to date. Considerations relating to the present or future
programmatic value of the candidate’s particular field of expertise, or other larger
institutional objectives, may legitimately be considered in the context of a tenure
decision; but in no case shall the year of the tenure review be the first occasion on which
these considerations are raised. The faculty and the unit chair or dean are responsible for
advising untenured faculty on any and all programmatic considerations relative to the
tenure decision, conveying such information to the candidate at the earliest opportunity
during annual assessments of progress towards tenure.

When the President has completed his or her review of the tenure or promotion case and
informed the candidate of the decision, the list of members of the unit, college, and
campus committees shall be made public.

A. First-level Review

1. Eligible Voters: At the first-level unit of review, the review committee
shall consist of all members of the faculty of that unit who are eligible to
vote. To be eligible to vote within the first-level unit, the faculty member
must hold a tenured appointment in the university and must be at or above
the rank to which the candidate seeks appointment or promotion. Tenured
faculty voting on promotions cases at the first-level of review may only do
so in a single academic department or non-departmentalized school, and
may only vote in units in which they have a regular appointment and
where this is permitted by the unit’s plan of organization. In those cases
where a faculty member has the opportunity to vote in more than one
department or non-departmentalized school, the faculty member votes in
that department/school in which the faculty member holds tenure.
In those cases where a faculty member has the opportunity to vote at more than one level of review, the faculty member votes at the first level of review at which the faculty member has the opportunity to vote. There are two exceptions: (a) chairs or deans are excluded from voting as faculty in their first level unit; (b) if there are fewer than three (3) eligible faculty members in the first-level unit, the dean at his/her discretion shall appoint one or more eligible faculty members from related units as voting members of the first-level review committee, to ensure that the review committee shall contain at least three (3) persons. Consequently, in promotion and tenure cases of faculty with joint appointments, faculty appointed by the dean to the first-level review committee of the primary unit, who are also members of a secondary unit providing input on a candidate, are permitted to vote on the candidate only in the primary unit where they have been appointed as member of the review committee by the Dean.

Although they do not have voting privileges, other faculty and the head of the first-level unit may be invited to participate in discussion about the candidate if the plan of organization and the bylaws of the unit permit.

Advisory Subcommittee: The first-level unit review committee may establish an advisory subcommittee to gather material and make recommendations, but the vote of the entire eligible faculty of the first-level unit shall be considered the faculty recommendation of the first-level unit.

Conduct of the Review: The first-level review committee shall appoint an eligible member of the faculty from the first-level unit to serve as chair and spokesperson for the candidate’s review committee. The chair of the review committee is responsible for writing the recommendation on the candidate and recording the transactions at the review meeting. Under no circumstances may the chair of the unit or dean serve as spokesperson for the first–level unit review committee or write its report.

As the first-level administrator, the chair or dean shall submit a recommendation separately; the recommendation of the chair or dean shall be considered together with all other relevant materials by any reviewing committee at a higher level. Requests for information from higher level review units shall be transmitted to both the chair of the first-level unit review committee and the first-level unit administrator.

Joint Appointments: Faculty members with joint appointments hold both a primary appointment (in their tenure home) and one or more secondary appointments (in the unit or units that are not their tenure home). When a joint appointment candidate is reviewed for appointment, promotion and/or tenure, the primary appointment unit is responsible for making the
recommendation after first obtaining advisory input from the (one or more) secondary units, as appropriate. The advisory input from secondary unit(s) will be as follows:

- If the candidate holds a temporary appointment in the secondary unit, then the secondary unit’s advice to the primary unit shall consist solely of a written recommendation by the chair or director of the secondary unit.
- If the candidate holds a permanent appointment in a secondary unit that is neither an academic department nor a non-departmentalized school, then the director’s recommendation will be informed by advice from the faculty in the unit who are at or above the rank to which the candidate aspires. That advice shall be in a format consistent with the unit’s plan of organization. If the plan of organization includes a vote, the vote may not include those eligible to vote elsewhere on the candidate.
- If the candidate holds a permanent appointment in a secondary unit that is either an academic department or a non-departmentalized school, then there shall be both a vote of the faculty in the unit who are at or above the rank to which the candidate aspires and a written recommendation by the head of that unit. The restriction on multiple faculty votes continues to apply in this instance.

The secondary unit’s review of the candidate shall be provided to the first-level unit review committee and the first-level administrator. If the chair/director of the secondary unit is also a member of the candidate’s primary unit, the chair/director may participate in the deliberations of the primary unit, but may not vote on the candidate’s promotion in that unit.

2. The committee shall solicit letters of evaluation from six or more widely recognized authorities in the field, chosen from a list that shall include individuals nominated by the candidate. At least three letters and at most one-half of the requested letters shall be from persons nominated by the candidate.

3. Each first-level unit shall provide for the mentoring of each assistant professor and of each untenured associate professor by one or more members of the senior faculty other than the chair or dean of the unit. Mentors should encourage, support, and assist these faculty members and be available for consultation on matters of professional development. Mentors also need to be frank and honest about the progress toward fulfilling the criteria for tenure and/or promotion. Following appropriate consultations with members of the unit’s faculty, the chair or dean of the unit shall independently provide each assistant professor and each
untenured associate professor annually with an informal assessment of his or her progress. Favorable informal assessments and positive comments by mentors are purely advisory to the faculty member and do not guarantee a favorable tenure and/or promotion decision.

The first-level academic unit shall perform a formal intermediate review of the progress towards meeting the criteria for tenure and promotion in the third year of an assistant professor’s appointment. The first-level academic unit shall perform a formal intermediate review of the progress towards meeting the criteria for promotion to the rank of professor in the fifth year of a tenured associate professor’s appointment and every five years thereafter. An associate professor may request an intermediate review earlier than the five years specified. The purposes of these intermediate reviews are to assess the candidate’s progress toward promotion, to inform the reviewed faculty member of that assessment, to inform the faculty members more senior to that faculty member who will eventually consider him or her for promotion of that assessment, and to advise the candidate and the first-level administrator of steps that should be taken to improve prospects for promotion. These intermediate reviews shall be structured in a similar fashion to reviews for tenure and/or promotion according to the unit’s plan of governance but normally will not involve external evaluations of the faculty member. If it is deemed necessary to obtain informal external evaluations, the academic unit must adopt written procedures applying this requirement to all intermediate reviews and these procedures must be approved by the academic administrator (dean or provost) at the next level of review.

Any change in the nature of the institution’s or the unit’s programmatic needs which may have a bearing on the candidate’s prospects for tenure should be brought to the attention of the candidate at the earliest possible time. In addition, first-level units shall make the best possible effort to advise tenure-track faculty of the prevailing standards of quality and of the most effective ways to demonstrate that they meet the standards. The advice and assessments provided to untenured candidates should avoid simplistic quantitative guidelines and should not suggest or imply that tenure decisions will be based on the quantity of effort or scholarly activity, independently of its intellectual quality.

4. A tenure-track or tenured faculty member may request a formal review for tenure or promotion.

5. The tenure or promotion case shall go forward to the next level of review if fifty percent of the faculty vote cast is favorable (or such higher percentage as may be established by procedures or guidelines of the first-level unit) or if the recommendation of the administrator of the first-level
unit is favorable. If both faculty and unit administrator recommendations are negative, the case shall be reviewed at the next level only by the dean (or, in the case of a non-departmentalized school or college, the Provost). The dean (or Provost) shall review the case to ensure that the candidate has received procedural and substantive due process, as defined in Section V.B.1.b. If the dean (or Provost) believes that the candidate has not received due process, he or she shall direct the unit to reconsider. The candidate may withdraw from his or her review at any time prior to the President's decision.

6. The first-level review committee shall prepare a concise Summary Statement of Professional Achievements on each candidate for tenure and/or promotion. The Summary Statement shall place the professional achievements of the candidate in scholarship, research, artistic performance, and/or Extension in the context of the broader discipline. It shall place the candidate's professional achievements in teaching and in service in the context of the responsibilities of the unit, the college or school, the University, and the greater community. The Summary Statement shall be factual and objective, not evaluative. The Summary Statement shall be reviewed by the candidate at least two weeks before the meeting at which the academic unit begins consideration of its recommendation on tenure and/or promotion. If the candidate and the committee cannot agree on the Summary Statement, the candidate has the right and the responsibility to submit a Response to the Summary Statement for the consideration of the voting members of the review committee and the academic unit must note the existence of the Response in the unit’s Summary Statement. The purpose of the Summary Statement is to set the candidate’s work in the context of the field for each level of review within the University and it is not to be sent to external evaluators or others outside the University.

7. The chair of the first-level review committee shall prepare a written report stating the committee's vote and recommendation on whether or not to grant tenure or promotion, and explaining the basis for the faculty's recommendation insofar as that basis has been made known in the discussions taking place among the members of the committee. This letter will be provided to the chair or dean for his or her information and for forwarding to higher levels of review. Faculty participating in the unit's deliberation who wish to express a dissenting view are free to do so, and any such written statement shall be included in the materials sent forward to the next level of review.

8. The recommendation of the first-level administrator shall likewise be in writing. The administrator's recommendation shall be transmitted to the second-level review and shall be made available to all eligible members of
9. If a faculty member must be given a formal review for tenure in accordance with paragraph I.C.4 of the University of Maryland System Policy and paragraph III.C.3 of this policy, and the chair or dean of the first-level academic unit of which the appointee is a member fails to transmit, by the date specified in paragraph IV.F.2 of this policy, a tenure recommendation for the appointee, the Provost shall extend the deadline for the transmittal of such recommendations and instruct the first-level unit to forward recommendations and all supporting documents as expeditiously as possible.

B. Second-level Review

1. Second-level review of recommendations for promotion and tenure from departments shall be conducted within the appropriate college. The second-level review committees shall be established in conformity with the approved bylaws of the college. The dean may be a non-voting ex-officio member but not a voting member of the committee. Each second-level committee shall elect its own chair and an alternate chair; the latter shall serve as chair when a candidate from the chair’s own unit is under discussion. A committee member who is entitled to vote in a lower-level review of a candidate may be present for the discussion of that candidate but shall not participate in the discussion in any way and shall not vote on that candidate. The committee members must maintain absolute confidentiality in their consideration of cases. Outside of the committee meetings, members of the second-level review committee shall not discuss specific cases with anyone who is not a member of the second-level review committee. The membership of the committee shall be made public at the time of the committee’s appointment. Every member of the campus community must respect the integrity of the appointment, tenure and promotion process and must refrain from attempting to discuss cases with committee members or to lobby them in any way.

2. Review of recommendations for promotion and tenure from non-departmentalized schools and colleges shall be conducted by the third-level review (see Section IV.C.1) committee.

3. Both the recommendation of the second-level committee and the recommendation of the second-level administrator shall go forward to be considered, together with all other relevant materials, at higher levels of review.

4. When significant questions arise regarding the recommendations from the first-level review or the contents of the dossier, the second-level review
committee shall provide an opportunity for the chair of the first-level academic unit and the designated spokesperson of the first-level unit review committee to meet with the second-level committee to discuss their recommendations; the committee shall provide them with a written list of the committee’s general concerns about the candidate’s case prior to the meeting. The second-level review committee may also request additional information from the first level of review by following the procedures described in Section F1 below.

5. Whether its recommendation is favorable or unfavorable, the committee shall, as soon as possible and no later than thirty (30) days after the decision, transmit through the dean its decision, its vote, and a written justification to the Provost. The dean of the college shall also promptly transmit his or her recommendation with a written justification to the Provost.

C. Third-level Review

1. A third- or campus-level review committee shall be established in the following manner: The Provost shall appoint nine faculty members holding the rank of Professor, one from each of the eight large colleges (Agriculture and Natural Resources; Arts and Humanities; Behavioral and Social Sciences; Business; Computer, Mathematical, and Natural Sciences; Education; Engineering; School of Public Health) and one from among the four small colleges (Architecture, Planning, and Preservation; Information Studies; Journalism; Public Policy). Since this committee shall make its recommendations on the basis of whether or not the University’s high standards for tenure and/or promotion have been met, members of this committee shall have a track record of outstanding academic judgment along with sufficient intellectual breadth and depth to be capable of comparing and judging candidates from varied disciplinary, cross-disciplinary, and professional backgrounds. No small college shall be represented on the committee more frequently than once in every three terms. Candidates for the committee shall be solicited from the Deans of the Colleges and Schools, from the Senate Executive Committee, and from the faculty at large. No one serving in a full-time administrative position may serve as a voting member of the committee. The Provost shall be a non-voting ex-officio member. A committee member who is entitled to vote in a lower-level review of a candidate shall not be present for the discussion of that candidate and shall not vote on that candidate. Appointments to the third-level review committee from the eight large colleges shall be for three years while the appointment from one of the five small colleges shall be for two years, with the terms staggered so that approximately one-third of the committee is replaced each year. No one may serve two consecutive terms. The third-level
review committee shall elect its own chair and alternate chair. The committee members must maintain absolute confidentiality in their consideration of cases. Outside of the committee meetings, members of the third-level review committee shall not discuss specific cases with anyone who is not a member of the third-level review committee. The membership of the committee shall be made public at the time of the committee’s appointment. Every member of the campus community must respect the integrity of the appointment, tenure and promotion process and must refrain from attempting to discuss cases with committee members or to lobby them in any way.

2. When questions arise regarding the recommendations from either the first- or second-level reviews or the contents of the dossier, the third-level committee shall provide the opportunity for the first-level unit administrator, the spokesperson for the first-level faculty review committee, the dean of the college, and the chair of the second-level review committee to meet with the third-level committee to discuss their recommendations; the committee shall provide them with a written list of the committee’s general concerns about the candidate’s case prior to the meeting. The third-level review committee may also request additional information from the first and second levels of review by following the procedures prescribed in Section F1 below.

3. The committee shall promptly transmit its recommendation and a written justification through the Provost to the President, along with all materials provided from the lower levels of review. The Provost and the President shall confer about the case, and the Provost shall transmit his or her recommendation and a written justification to the President. If the Provost’s recommendation differs from that of the third-level committee or from that of the Dean, the Provost will meet with the committee and/or the dean to discuss the review. After the President has made a decision, a report on the decisions reached at the third level of review shall be provided to the second-level administrator and faculty committee chair, the first-level administrator and faculty chair, and to the candidate.

4. The Third-level Review Committee and the Provost shall conduct an end-of-the-year review of appointment, promotion, and tenure. The Committee shall write a public Annual report, the purpose of which includes improving the understanding of faculty members and of academic units about appointments, promotion, and tenure. The report should include any recommendations for improvements in policy, procedures, or the carrying out of reviews of candidates. The Provost shall write a public report annually giving statistical information on the appointment, promotion, and tenure cases considered during the academic year.
D. Notification to Candidates for Tenure and/or Promotion

Upon completion of the first-level review, the unit administrator at the first level shall within two weeks of the date of the decision: (1) inform the candidate whether the recommendations made by the faculty committee and the unit administrator were positive or negative (including specific information on the number of faculty who voted for tenure and/or promotion, the number who voted against, and the number of abstentions), and (2) prepare for the candidate a letter summarizing in general terms the nature of the considerations on which those decisions were based. At higher levels of review, summaries shall be provided to the candidate whenever either or both faculty and administrator recommendations are negative. The chair of the faculty committee shall review the summary letter prepared by the unit administrator in order to ensure that it accurately summarizes the considerations regarded as relevant by the faculty committee at that level. The chair of the faculty committee at each level shall be provided access to the unit administrator's letters to the candidate and to the next level of review in order to ensure that the summary accurately reflects the recommendation and rationale provided to higher levels of review. In addition, both letters shall be made available for review in the office of the chair (dean or Provost) by any member of the faculty committee at that level. In the event that the chair of the faculty committee and the unit administrator are unable to agree on the appropriate language and contents of the summary letter, each shall write a summary letter to the candidate. A copy of all materials provided to the candidate shall be added to the tenure or promotion file as the case proceeds through higher levels of review.

E. Presidential Review

Full-time appointments or promotions to the ranks of Associate Professor or Professor require the written approval of the President, in whom resides final authority for promotion and granting of tenure to faculty. Final authority for any appointment or promotion to the rank of Associate Professor or Professor cannot be delegated by the President.

F. General Procedures Governing Promotion and Tenure

1. With the exception of the third-level review committee, in their reviews of tenure and promotion recommendations from lower levels, upper-level administrators or review committees may not seek or use additional information from outside sources concerning a candidate's merits unless: (1) the materials forwarded from lower levels indicate the presence of a significant dissenting vote or divided recommendations from a lower level; (2) representatives from the first-level unit participate in the selection of additional persons to be consulted; and (3) the assessments received from these external sources are shared with and considered by the first-level review committee and by the unit’s chair or dean; and (4) the
review committee and the unit's academic administrator have the
opportunity to reconsider their recommendations in the light of the
augmented promotion dossier. The third-level review committee may
seek additional information on any candidate as it chooses, although it
must follow (2), (3) and (4) as described above. In doing so, the
committee should ask the Provost to obtain the additional information
from the Dean, who would then consult with the Department Chair to
obtain faculty input. The evidential basis for upper-level committees and
administrators should be restricted to the materials as assembled and
evaluated by the first-level unit, with the exception of information
obtained in compliance with the procedures just described. Candidates for
tenure or promotion, however, are permitted to bring to the attention of the
university administration any changes in their circumstances which might
have a significant bearing on the tenure or promotion question. In the
event that candidates for tenure or promotion bring information of this sort
to the attention of upper-level committees or administrators after the first-
level review has been concluded, these committees or administrators may
take these changes into account in reaching their decisions and may elect
to send the case back to the first-level for reconsideration.

2. The candidate's application and supporting materials, and the reports and
recommendations of the first-level committee and administrator, shall
be transmitted to the appropriate levels of secondary review no later than a
date set annually by the Provost.

3. If an untenured faculty member requests leave without pay for a year or
more, the dean of the college in which the faculty member will be
considered for tenure shall recommend whether or not the faculty
member's mandatory tenure review will be delayed. A positive
recommendation from the dean to stop the tenure clock shall require
evidence: (1) that the leave of absence will be in the interest of the
University, and (2) that the faculty member's capacity to engage in
continued professional activity will be significantly impaired during the
period of the leave. The dean's recommendation shall be included in the
proposal for leave submitted to the Provost. Delay of the mandatory
tenure review requires the written approval of the Provost.

4. A faculty member who would otherwise receive a formal review for
tenure may waive the review by requesting in writing that he or she not be
considered for tenure. A faculty member who has waived a tenure review
shall receive whatever terminal appointments he or she would have
received if tenure had been denied. A faculty member at any rank who has
been denied tenure and who is ineligible for further consideration shall
receive an additional and terminal one-year appointment in that rank.
5. All recommendations for the appointment of faculty below the rank of Associate Professor shall be transmitted for approval through the various levels of review to the President or designee. Final authority for any appointment that confers tenure or for any appointment or promotion to the rank of Associate Professor or Professor cannot be delegated by the President.

6. After a negative decision by the President, candidates for promotion or tenure shall be notified by certified mail. Determination of the time limits for the period during which an appeal may be made shall be based on the date of the candidate's receipt of the President's letter.

G. Procedures Governing the Granting of Emerita/Emeritus Status

1. Associate Professors, Professors, Distinguished University Professors, Research Associate Professors, Research Professors, Senior Agents, Principal Agents, Librarians III, and Librarians IV who have been members of the faculty of the University of Maryland at College Park for ten or more years, and who give to their chair or dean proper written notice of their intention to retire, are eligible for nomination to emerita/emeritus status (see I.E.7 Emerita, Emeritus). Only in exceptional circumstances may Professors with fewer than ten years of service to the institution be recommended for emerita/emeritus status.

2. The decision whether or not to award emeritus standing shall be based primarily on the candidate's record of significant accomplishment in any of the three areas of (1) teaching and advisement, (2) research, scholarship, and creative activity, and (3) service.

3. If a faculty member gives notice of intention to retire before March 15, the first-level tenured faculty shall vote on emeritus standing within 45 days of the notice. If notice is given after March 15, the vote shall be taken no later than the 45th day of the following semester. The result of the vote shall be transmitted in writing to the candidate and to the administrator of the unit no later than ten days after the vote is taken. A faculty member who has not been informed of the decision concerning his or her emeritus standing within the time limits specified, shall be entitled to appeal the action as a negative decision in accordance with V.B.2.

4. The review committee of the first-level unit shall consist of all eligible members of the faculty. Eligible members of the faculty are all full-time tenured associate and full professors, as appropriate, excluding the chair or dean. The vote of the entire eligible faculty shall be considered the recommendation of the faculty. The chair or dean shall submit a
recommendation separately; the recommendation of the chair or dean shall be considered together with all relevant materials by administrators at higher levels.

5. An emeritus case shall go forward to the next level of review if the department chair's recommendation is positive or the faculty vote is at least fifty percent favorable.

6. The chair of the first-level committee shall prepare a written report, stating the committee's vote and recommendation on whether or not to award emeritus standing and explaining the basis for the faculty's recommendation insofar as that basis has been made known in the discussions taken place among the members of the committee. This letter will be forwarded to the chair or dean for his or her information and for forwarding to higher levels of review. Faculty participating in the unit's deliberations who wish to express a dissenting view are free to do so, and any such written statement shall be included in the materials sent forward to the next level of review.

7. The recommendation of the first-level administrator shall also be in writing. The administrator's recommendation shall be transmitted to the second-level of review and a copy shall be made available for review by any member of the faculty participating in the unit's review deliberations.

8. Second-level review of recommendations of emeritus standing shall be conducted by the appropriate dean. Second-level reviews of recommendations from non-departmentalized schools and colleges shall be conducted by the Provost. The second-level recommendation of the dean or the Provost, together with all other relevant materials, shall be transmitted to the President.

9. The President shall make the final decision on the award of emeritus standing.

10. Faculty members with ten or more years of service to the University who retired prior to the effective date of this policy and who have not been granted emeritus standing may apply to their departments for consideration as in Section IV.G.1.

H. Termination of Faculty Appointments for Cause

If a tenured or tenure-track faculty member whose appointment the campus administration seeks to terminate for cause requests a hearing by a hearing officer, the hearing officer shall be appointed by the President from a college or school other than that of the appointee, with the advice and consent of the faculty.
members of the Executive Committee of the Campus Senate. If the appointee requests a hearing by a faculty board of review, members of the board of review shall be appointed by the faculty members of the Executive Committee of the Campus Senate from among tenured Professors not involved in administrative duties.

V. THE APPEALS PROCESS

A. Appeals Committees

1. The President shall appoint an appeals committee. This committee shall consist of nine faculty members holding the rank of Professor, one from each of the eight large colleges (Agriculture and Natural Resources; Arts and Humanities; Behavioral and Social Sciences; Business; Computer, Mathematical and Physical Sciences; Education; Engineering; Chemical and Life Sciences) and one from among the five small colleges (Architecture, Planning, and Preservation; Health and Human Performance; Information Studies; Journalism; Public Policy). No small college shall be represented on the committee more frequently than once in every three terms. Candidates for the committee shall be solicited from the Deans of the Colleges and Schools, from the Senate Executive Committee, and from the faculty at large. No one serving in a full-time administrative position and no one who has participated in the promotion and tenure review process of the appellant shall serve on the campus appeals committee. Appointment to the campus appeals committee shall be for one year, and no one may serve two consecutive terms. Appeals committees shall elect their own chairs. The committee members must maintain absolute confidentiality in their consideration of cases.

2. Special appeals committees at the college, school or campus level shall be appointed by the dean, Provost or President in a manner consistent with the policies, bylaws, or practice of the respective unit.

B. Guidelines and Procedures for Appeals

1. Negative Promotion and/or Tenure Decisions

a. Mandatory and Non-Mandatory Reviews

When a candidate for promotion and/or tenure receives notification from the President, dean or chair that promotion or tenure was not awarded, the candidate may appeal the decision by requesting that the President submit the matter to the Campus Appeals Committee for consideration. The request shall be in writing and
be made within sixty (60) days of notification of the negative
decision. If the request is granted, all papers to be filed in support
of the appeal must be submitted to the Appeals Committee not
later than one hundred and twenty (120) days after notification
unless otherwise extended by the President because of
circumstances reasonably beyond control of the candidate. In
writing these appeals letters, the appellant should be aware that
these letters serve as the evidentiary basis for investigations of the
validity of the appeal and that, should the President accept the
request and refer the appeal to the Campus Appeals Committee,
these letters shall be shared by the Campus Appeals Committee
with the parties against whom allegations are made and any other
persons deemed necessary by the Committee for a determination of
the issues.

b. **Grounds for Appeal**

The grounds for appeal of a negative promotion and tenure
decision shall be limited to (1) violation of procedural due process,
and/or (2) violation of substantive due process.

A decision may not be appealed on the ground that a different
review committee, department chair, dean or Provost exercising
sound academic judgment might, or would, have come to a
different conclusion. An appeals committee will not substitute its
academic judgment for the judgment of those in the review
process.

Violation of procedural due process means that the decision was
negatively influenced by a failure during the formal review for
tenure and/or promotion by those in the review process to take a
procedural step or to fulfill a procedural requirement established in
relevant promotion and tenure review procedures of a department,
school, college, campus or system. Procedural violations
occurring prior to the review process are not a basis for an appeal
and are dealt with under the provisions of paragraph 4 of the
introduction to Section IV, Promotion, Tenure, and Emeritus
Review.

Violation of substantive due process means that: (1) the decision
was based upon an illegal or constitutionally impermissible
consideration; e.g. upon the candidate's gender, race, age,
nationality, handicap, sexual orientation, or on the candidate's
exercise of protected first amendment freedoms (e.g., freedom of
speech); or (2) the decision was arbitrary or capricious, i.e., it was
based on erroneous information or misinterpretation of
information, or the decision was clearly inconsistent with the supporting materials.

c. **Standard of Proof**

An appeal shall not be granted unless the alleged grounds for appeal are demonstrated by a preponderance of the evidence.

d. **Responsibilities and Powers of the Appeals Committee**

1. The appeals committee shall notify the relevant administrators and APT chairs in writing of the grounds for the appeal and meet with them to discuss the issues.

2. The appeals committee shall meet with the appellant to discuss and clarify the issues raised in the appeal.

3. The appeals committee has investigative powers. The appeals committee may interview persons in the review process whom it believes to have information relevant to the appeal. Additionally, the Appeals Committee shall examine all documents related to the appellant’s promotion or tenure review and may have access to such other departmental and college materials as it deems relevant to the case. Whenever the committee believes that a meeting could lead to a better understanding of the issues in the appeal, it shall meet with the appropriate party (with the appellant or with the relevant academic administrator and APT chair).

4. The Appeals Committee shall prepare a written report for the President. The report shall be based upon the weight of evidence before it. It shall include findings with respect to the grounds alleged on appeal, and, where appropriate, recommendations for corrective action. Such remedy may include the return of the matter back to the stage of the review process at which the error was made and action to eliminate any harmful effects it may have had on the full and fair consideration of the case. No recommended remedy, however, may abrogate the principle of peer review.

5. The President shall attach great weight to the findings and recommendations of the committee. The decision of the President shall be final. The decision and the rationale
shall be transmitted to the appellant, the department chair, dean, chair(s) of the relevant APT committee(s) and Provost in writing.

e. Implementation of the President’s Decision

1. When the President supports the grounds for an appeal, the Provost has the responsibility for oversight of the implementation of the corrective actions the President requires to be taken. Within 30 days of receipt of the President’s letter, the Provost shall request the administrator involved to formulate a plan and a timeline for implementing and monitoring the corrective actions. Within 30 days after receipt of this letter, the administrator must supply a written reply. The Provost may require modification of the plan before approving it.

2. The Provost shall appoint a Provost’s Representative to participate in all stages of the implementation of the corrective actions specified in the approved plan for the re-review, including participation in the meeting or meetings at which the academic unit discusses, reviews, or votes on its recommendation for tenure and/or promotion for the appellant. The Provost’s Representative shall participate in these activities but does not have a vote. After the academic unit completes its review, the Provost’s Representative shall prepare a report on all of the elements of corrective action specified in the approved plan and this report will be included with the complete dossier to be reviewed at higher levels within the University. The Provost’s Representative shall be a senior member of the faculty with no previous or potential involvement at any level of review or appeal pertaining to the consideration of the appellant for tenure and/or promotion except for the participation as Provost’s Representative as defined in this paragraph.

3. The Provost’s request and the administrator’s approved plan of implementation must be included in the dossier from the inception of the review. Re-reviews begin at the level of review at which the violation(s) of due process occurred and evaluate the person’s record at the time the initial review occurred unless otherwise specified by the President. The administrator at the level at which the errors occurred, in addition to evaluating the candidate for
promotion, must certify that each of the corrective actions
has been taken and describe how the actions have been
implemented. Re-reviews must proceed through all levels
of evaluation including Presidential review. The Provost’s
review of the dossier will include an evaluation of
compliance with the requirements imposed in the
President’s decision to grant the appeal. If the Provost
discovers a serious failure by the unit to comply with the
corrective actions required, the Provost shall formulate and
implement a new plan for corrective action with respect to
the appellant. In addition, the Provost shall inform (in
writing) the administrator of the unit where the failure
arose and the Provost shall take appropriate disciplinary
action.

f. Extension of Contract

In the event that the appellant's contract of employment will have
terminated before reconsideration can be completed, the
appellant may request the President to extend the contract for one
additional year beyond the date of its normal termination, with the
understanding that the extension does not in itself produce a claim
to tenure through length of service.

2. Decision Not to Review

If a faculty member requests his or her first level academic unit to
undertake a review for his or her promotion or early recommendation for
tenure, and the academic unit decides not to undertake the review or fails
to transmit a recommendation by the date announced for transmittals, as
specified in IV.F.2, above, the faculty member may appeal to the dean (if
in a department) or to the Provost (if in a non-departmentalized school or
college) requesting the formation of a special appeals committee to
consider the matter. The request shall be made in writing. It shall be
made promptly, and in no case later than thirty (30) days following written
notification of the decision of the first-level academic unit.

If the dean or Provost determines not to form a special appeals committee,
the faculty member may appeal to the Provost (if the decision was the
dean's) or to the President (if the decision was the Provost's) requesting
formation of the special appeals committee. Request shall be made in
writing. It shall be made promptly, and in no case no later than thirty (30)
days following written notification of the decision of the dean or Provost.

The grounds for appeal and the burden of proof shall, in all instances, be
the same as set forth in V.B.1.b and c, above. A committee shall not substitute its academic judgment for that of the first-level unit. The responsibility of a special appeals committee shall be to prepare findings and recommendations. The committee may, for example, recommend that the dean or Provost extend the deadline for transmitting a recommendation and instruct the first-level unit to forward supporting documents as expeditiously as possible. A decision by a dean or the Provost, upon receiving the findings and recommendations of a special appeals committee, shall be final. A decision by the President shall be final.

3. Decision Not to Renew

When, prior to the mandatory promotion and tenure decision, an untenured tenure-track faculty member receives notification that his or her appointment will not be renewed by the first-level unit, he or she may appeal the decision in the manner described in V.B.1.a above.

4. Emeritus Standing

An unsuccessful candidate for emeritus standing may appeal the decision in the manner described in V.B.1. above.
